Fighters Check Flames at Doorsteps of Placerville After Desperate Efforts

BOISE, Idaho, Aug. 21 (AP).—Dog-tired crews of fire-fighters were beaten back to the doorstep of Placerville by a raging forest fire tonight, but on that line they stopped the inferno and gave out the word the town would not burn tonight.

At the same time a message from Centerville said that town, surrounded for two days by flame, was also safe at least until morning. Cool hours of night tamed the fire, which has burned the towns to Quartzburg and Granite Creek, but

ARE ARRANGING FINAL DETAILS

Premier, Works Minister and Hon. H. H. Stevens Confer on Mainland

Final details of the Federal-Provincial unemployment relief agreement are expected to be completed today, it was announced by Premier Toole last night prior to leaving for Vancouver, where he is to confer with his Minister of Public Works, Hon. R. W. Bruhn, and Hon. H. H. Stevens, Federal Minister of Trade and Commerce, who is acting as the Dominion Government's envoy during the negotiations.

Questions involving construction of certain portions of the Trans-Canada Highway on the Mainland, principally between Hope and Vancouver, which route is yet to be decided, are being discussed. Alternate plans have been suggested, but no agreement could be reached up to a late hour yesterday.

Following the conference, the Minister of Public Works will leave for the interior to prepare for an immediate start on some portions of the big undertaking.

REVOLUTION IN CUBA GROWS ALARMING AS REBELS NEAR HAVANA

Continued from Page 1

There was no need to be told that trouble was near. It was to be seen in every face and heard in every spoken word. There has been no fighting up to the hour of the dispatch, but it may start at any moment. A report has just come that a party of rebels in automobiles were ambushed by the police in a suburb.

The town of Limonar, where it was reported many rebels had concentrated, was hit by a frightful bombardment from the air yesterday afternoon. The people of the town were given no warning. The planes appeared suddenly and began dropping their bombs. At last report, there were said to be more than forty women and children dead in the crumbled ruins of their homes.

REBELS MOVE NORTH

From the southern end of the island came frequent reports of strong rebel detachments moving northward to join in the assault upon the capital city. It is obvious from the reports at hand and from the action of the police and military in Havana that the revolution has reached a critical juncture and the events of the next twenty-four hours may decide whether President Machado is to remain in power or go the way of other dictators in Central and South America.

CHRISTIANITY IS SOLUTION

Continued from Page 1

debts. Only by a great Christian movement can we accomplish this," the speaker declared. The monitory had helped some, he said, but entire cancellation of the debts was what was needed. He commended Professor Nicholas Murray Butler for the campaign he was conducting toward this end in the United States.

"We don't gain one nation by downing another," the distinguished speaker stated, in urging a Christian effort toward cancellation of the debts. Dealing with the disarmament question, the Bishop said Great Britain was the only country that had really made an honest effort to reduce armaments. Another conference would be held next year and on this conference depended world peace. If it was not successful, he did not know what would happen.

HATRED IN EUROPE

"European countries are more strongly armed today than they ever were before the war. Petty jealousies are fanning the spark of hatred into fire and only by a determined and sincere effort on the part of the Christian world can peace be obtained. All these peace pacts are no good unless they are supported by an earnest attempt to disarm. It is really a great question whether civilization will survive if the next disarmament conference is not a success."

Every effort should be made to have the question dealt with more spiritually than has been as yet. Only by Christian effort can nations be brought to peace. In solving the color question, the Bishop again made his point. Christian principles be applied. Slavery was mastered by Christianity, he said, and the color question could be solved in the same manner. An appreciation of the other man's worth was what was most urgently needed.

SELF-SACRIFICE NEEDED

The present depression in the wheat-growing belt was attributed to the Russian five-year plan. The young men and girls of Russia, His Lordship declared, were making a passionate self-sacrifice and were embued with a passionate enthusiasm to "beat the world" and show to the people outside their country just how cheaply they could produce the necessities of life.

The Russian propaganda could

workers who are not physically adapted for heavy manual labor. Mr. Bruhn said that the foremen employed will not only be capable in supervising the technical details of the work, but will also be capable of knowing what can be expected of a man.

SCALE OF PAYMENT

The rate of allowance agreed upon between Mr. Bruhn and Mr. Stevens during a conference this morning is as follows: Single men, \$2 a day; married men, \$2 a day, with an additional allowance yet to be agreed upon. Rates for the charged board, at the rate of eighty-five cents a day.

OTHER ROAD WORK

Specific agreement has been reached for work on the North Thompson River part of the highway between Kamloops and Tete Jaune Cache, on the Island Highway between Nanaimo and Alberni, and in the Atlin district.

ROYAL CITY MAN CRITICALLY HURT

Automobile Collides With Pole, Plunging Head and Part of Torso Into Darkness

NEW WESTMINSTER, Aug. 21.—Oscar Thoroux, Escondido, is in hospital with a possibly fractured skull, after his automobile crashed into a pole held by police for investigation, following an automobile crash late tonight, which snuffed out electric lights in Royal Columbian Hospital and dozens of residences in the East End.

for pellets increased by about a million dollars. Logan sales have been that of a falling market. These have shown a substantial increase, which Mr. Coventry attributes to the sale of a large part of the crop to local wineries at a price that enabled them to sell the remainder to the canneries for a lower value, a privilege denied to the neighboring prohibition States. The consequence has been that the British Columbia canned loganberries have been placed on the British market at a price which insures a satisfactory sale.

From this circumstance Mr. Coventry deduces his belief that it will be good policy for British Columbia producers, and especially the lumbermen, to pursue the British market, even without financial profit, through the present depression so that when Imperial preference comes they will be on the ground with connections well established.

QUALITY OF PACK

Mr. Coventry points out that with the exception of loganberries, British Columbia canned fruit has had a poor sale on the British market in late years. This has been due to the price asked, and the quality of the pack, as the goods were put up to suit the American and Canadian palate without regard for British taste. He instances tomatoes, which are put up in a juicy pack, whereas the British and European preference is for a solid pack. Discrimination should also be shown in packing apples for sale—those of larger size being sent to Continental Europe, where the taste runs to the big apple, while those of medium and smaller size would find a better market in the British Isles.

Mr. Coventry concludes with a word of praise for British Columbia House as a sales centre, since it is the first building on the finest street of the largest city in the world, and no other Dominion, province, state or Crown colony has a site that can compare with it. "This," he adds, "is no mean asset in the fight that is being waged, and that will be waged more intensively to get the British Country to buy from our province—the most British province of all our Dominions and dependencies."

attending to his departmental affairs there. It was only this morning that I had a communication from him concerning matters connected with his department," Premier Toole stated. The Premier said the Government fully expected him to return to his office when his business at Ottawa was completed.

Premier Toole intimated he sensed an attempt to inject politics into a very serious situation, referring to the present negotiations being conducted between the Provincial Government and the Federal authorities concerning relief for the unemployed. "No one has any idea of the strain under which the members of the Government are working. This is not a time for politics. We are facing one of the most serious situations in our history, and at this time we should all put our shoulders to the wheel. Politics must not be allowed to enter into it. It is a serious matter for all concerned, but we hope, with the plans that we now have in hand, to be able to face it and secure adequate relief for the men who are out of employment," the Premier declared.

HARDWOOD MEN ENTERTAINED

Henry Swafford Was Host at Luncheon in Highland District Yesterday

The Pacific Coast Hardwood Dealers' Association, now meeting here, held a luncheon yesterday at the Empress Hotel, when business affecting the trade in which they are engaged was discussed. The main subject concerned the rules with regard to the hardwood industry.

At noon the members of the convention were the guests of Henry Swafford, of Los Angeles, at his Summer home in the Highland district, which he purchased some time ago. For the occasion, two pipes in Highland costume were present to play for the guests.

Last evening a dinner was given in the Empress Hotel, when addresses were given on subjects relating to the industry, and also on the Douglas fir side of the lumber trade. The dinner was given in honor of those in the trade who were urged by the speakers.

This morning the association will resume its deliberations in convention, and it is hoped to conclude the programme before noon.

WARNING GIVEN

Mr. Pooley stated that what had started in renovating the building, "I went out and I saw what was going on myself. I inquired of the chairman of the Liquor Board what he knew of it, and he stated that it had already come to his attention, and he had given warning that money should be spent until formal application had been made in the regular way and a licence granted; he was warned again, and he advised me he was doing so. In spite of this it appears that the work was proceeded with. I am advised by the board that a licence has not been granted to the Four-Mile House," he said.

IS BETTER OFF OUT OF LEAGUE

Beaverbrook Would Like
Britain to Retire From In-
ternational Body

NEW YORK, Aug. 21.—Lord Beaverbrook, British newspaper publisher, leaved the League of Nations "a branch of the French Foreign Office" upon his arrival today from Halifax on the liner Beigneland.

He expressed the opinion Great Britain should retire from it "to build up its nationality," and declared the United States is better off outside the League.

On a question whether he thought the Labor Government would continue long in office, Lord Beaverbrook replied that he hoped not and that it was his guess the Conservatives would carry the next general election. As to the 10 per cent suggested by the MacDonald ministry to balance the budget, the newspaper publisher pronounced it as a good idea, "if true."

With him on the ship were Allan Aitken, younger brother, and Lord Castelroose, a journalist.

SALMON PACK IS LIGHT TO DATE

Total Catch at August 15
Less Than Half of Last
Year's Figure

VANCOUVER, Aug. 21 (CP).—British Columbia's canned salmon pack up to August 15, the latest date to which figures have been received, amounted to 437,586 cases, of which 243,547 were sockeye, according to a report issued today by the chief supervisor of fisheries for the British Columbia district.

While the total is far below the catch at the same period last year, when 1,197,457 cases had been packed, the sockeye take this season compares favorably with that of recent years.

In the previous four years the pack up to the middle of August was as follows: 1927, total catch 419,874 cases, sockeye 237,118; 1928, total 917,368, sockeye 186,037; 1929, total 608,566, sockeye 261,600; 1930 total 1,197,457, sockeye 365,342.

SKEENA RIVER LEADS

The Skeena River leads, as usual, this year in volume of output. By areas the total pack is as follows: Fraser River, 363,775 cases; Nass, 14,162; Skeena, 157,485; Rivers Inlet, 70,521; Smith's Inlet, 13,915; Central area, 86,119; Queen Charlotte Islands, 4,000; District No. 3, 52,949.

The Fraser pack includes 27,308 cases caught in other districts, including 19,296 cases from District No. 3.

IDENTIFICATION OF NEW-BORN CAUSE OF PUZZLE TO OFFICIAL

NANAIMO, Aug. 21.—On identification of the dead body of a mysterious animal will depend whether or not Alec Wales, of Cassidy, is entitled to collect the bounty for a dead cougar. Mr. Wales picked up a new-born animal a few days ago which he was unable to identify. Mr. Wales, Sr., was of the opinion that it was a cougar, but the game warden had some doubt and advised that it be taken home and fed for a few days. The nursing problem, however, proved hard to solve and the animal died just before a visit of inspection of the Government official.

A number of cougars are reported as having visited Chris Fiddick's farm at Nanaimo River and made a feast of some dozen of his sheep. Several hunters have been out trying to bag the big cats, but with no success so far.

THREE ARRESTS FOR SABOTAGE

Two Men Caught Attempt-
ing to Cut Off Transformer
in Montreal

MONTREAL, Aug. 21.—Three men, whom officials of the Montreal Light, Heat & Power Consolidated identified as among their former line-men, who are on strike, were arrested here last night following an alleged attempt to cut off a transformer from a power pole.

Police withheld the names of the men until their court appearance tomorrow. The arrest had come about, authorities stated, when an electrician of the company, while listening to his radio, heard a noise which his technical knowledge informed him came from a nearby transformer.

CAPTURES TWO MEN

He dashed out and saw a man at the top of a pole wielding a pair of pliers. Another man stood at the bottom of the pole. The electrician jumped at the man at the foot of the pole and the man on the pole threw his pliers at the assailant's head. The man at the foot of the pole picked up the pliers and knocked out his opponent with them. Police arrived and arrested the men, as well as another man who was in a nearby automobile.

During the past two weeks the City of Montreal's power supply has been threatened on many occasions by the toppling over of high-tension steel power poles and the cutting of transformers. The trouble arose shortly after a strike of 175 of the company's line-men.

Minister Arrives At Prince Rupert

PRINCE RUPERT, Aug. 21.—Hon. D. M. Sutherland, Minister of National Defence, arrived here today in the course of his Western tour. The minister arrived in a Royal Air Force plane piloted by Flight Lieutenant Johnson.

While here Mr. Sutherland will inspect the Prince Rupert airport development.

What Today Means

"LEO"

If August 22 is your birthday, the best hours for you on this date are from 10 a.m. to 11:30 a.m., from 5:30 p.m. to 7 p.m., and 9:30 p.m. to 11 p.m. The danger periods are from 6:30 a.m. to 8 a.m. and 2 p.m. to 4 p.m.

An unexpected harvest, the seed for which was sown in a forgotten past, will be reaped on August 22, and your life will be enriched in more ways than one. Romantic experiences and pleasant times among young people, but not an auspicious time for marriage vows to be taken.

The child born on this August 22 will have a puckish wit, a nimble brain and ingenious hands. It may suffer through its impulsiveness, as it will be inclined to speak and act without sufficient forethought. It is not naturally selfish, although it will often be guilty of thoughtlessness.

Born on August 22, you are a human paradox, diffident, courageous, careful, obstinate, kindly and merciful. You have a social side which is likeable and attractive one which may fool other people. Behind your "hall-fellow-well-met" exterior, however, is a hidden, cautious, shrewd character, which is not easily "taken in," and never walked upon. They who try to impose upon your good nature, which is genuine, are quietly put in their place. You have a large bump of gratitude, and you never forget a kindness. On the other hand, you have a sensitive part to your nature which makes it easy for you to be wounded, and you never fail to get even with those who have hurt you in any way.

You have great ambitions, and in your endeavor to reach a goal you spare neither yourself, those who work with you, or those who stand in your way. To you, the end justifies the means. You never make impulsive moves, but when you do act, you act with force and purpose. You have considerable foresight, and you often do things which are incomprehensible to those about you. It is seldom that you make a false move in a business or material way. You are really very affectionate, although you seem ashamed to demonstrate your feelings. The softer side of your nature is little revealed outside of your home circles. Your best self is revealed to your family.

NOTED EDITOR COMING HERE

Dr. C. G. Trumbull, of Sun-
day School Times, to Ad-
dress Conference

A wide interest is being aroused in connection with the coming of Dr. Charles C. Trumbull to Victoria for a "Victorious Life Conference," to be held at the Central Baptist Church, beginning September 6, and continuing to the following Thursday.

Charles C. Trumbull, Ltd.D., is well known as editor of The Sunday School Times, a position he has held since the death of his father, H. Clay Trumbull, under whom he was trained in editorial work.

The Sunday School Times, under both father and son, has come to hold a unique place among Christian journals. It is interdenominational, circulating among practically every evangelical Protestant denomination, and going into every state and province of North America and something more than 100 foreign countries.

Writing in regard to the conference he is conducting along the Pacific Coast, Mr. Trumbull states: "They are commonly called Keswick or victorious life conferences, and their purpose is to bring people to full and unconditional surrender to Christ, not only as Saviour, but as Lord; and to the abiding life, filled with the Spirit and walking in the Spirit. There is nothing extreme or fanatical about the teaching; it is normal, New Testament Christianity. We have had amazing evidence of the way in which God honors this teaching, in transformed and fruitful lives, and I am eager for the opportunity of sharing with others what it has meant to me."

INVESTIGATION CHIEF RETIRES

Col. R. V. Douglas Leaves
Mounted Police After 30
Years' Service

OTTAWA, Aug. 21 (CP).—Retirement of Colonel R. V. Douglas, chief of the criminal investigation branch of the Royal Canadian Mounted Police, was announced today by Major-General J. H. MacBrien, commissioner. Superintendent T. S. Belcher has also been named as acting commissioner in succession to Colonel A. Dufosse, who retired some months ago.

Colonel Douglas, a veteran of the Great War, has served in a number of cities in Western Canada, and also in the Yukon. He joined the ranks thirty years ago, after serving with the 121st Infantry, 1st Division, in Belgium, France, and Siberia, and for the past four or five years has been chief of the criminal investigation branch here. On May 20, of this year, he was appointed aide-de-camp to His Excellency the Governor-General.

NEW HIGHWAY TO BE OPENED

Premier Tolmie to Participate in Ceremony on
Olympic Peninsula

Under construction for the past decade and a half, the 34-mile Olympic Highway loop will be thrown open to traffic on Wednesday, Governor Roland H. Hartley, of Washington, Premier S. F. Tolmie, and other distinguished representative men will cut in succession a series of ribbons along the route during the progress of procession which will be formed at Port Angeles. The final ribbon will be cut by the Governor at Kalaloch Beach, between the Hoh and Queets rivers.

There will be representatives of the Victoria and Island Publicity Bureau present during the official opening, which will extend over several days.

The new highway encircles the entire Olympic Peninsula. Starting at the junction at Mud Bay, near Olympia, the road leads almost due west to McLeary, continues to Elma, Montezuma and to Aberdeen and Hoquiam on Grays Harbor. From Hoquiam the road runs north through the Quinalt, cuts north-west to the mouth of the Queets, follows the ocean beach north to Kalaloch, Cedar Creek to the Hoh River, where it cuts inland again, crossing the Hoh River near Forks and from there runs east to Lake Crescent, Port Angeles and Sequim, to head south again along Hood Canal to Shelton and Mud Bay Junction.

SCENIC ROUTE

Some of the most beautiful seashore along the coast is opened to tourists, in addition to the beautiful Olympic mountains and lakes. For miles the road winds about beautiful Hood Canal. The Mud Bay to Grays Harbor section and the Mud Bay to Shelton sections are paved, the remainder a fine macadam.

The programme in connection with the opening of the road will begin on Tuesday evening, when a banquet will be given in the Elks Club. Among the speakers will be Premier Tolmie and Governor Hartley.

On the following morning the party will leave Port Angeles at 8 o'clock, when the following ribbon cutting ceremonies will take place along the route: Cutting of ribbon at Bear Creek Bridge at 10 a.m. by Mark Reed, of Shelton; cutting of ribbon at Sol Duce Bridge at 10:30 a.m. by Premier Tolmie; banquet served to official party at Forks at 11 a.m.; cutting of ribbon at Hoh Bridge at 1:00 p.m. by Edward Sims, of Port Townsend; cutting of ribbon at Nolan Creek Bridge at 1:30 p.m. by Samuel J. "shimmy" game are included in the festivities.

The programme at Kalaloch Beach will open at 2 o'clock, August 26, when Governor Hartley and prominent Northwest and British Columbia officials will be welcomed by Indians. Following the official cutting of the ribbon, the Indian programme will start.

Except for a twenty-eight-mile stretch between Kalaloch and the Hoh River Bridge, the road is now complete. Finishing touches are now being made on the unopened

sector. The road celebration is sponsored by the Olympic Peninsula Development League, with George Northrup, Clearwater pioneer and state legislator, acting as general chairman.

WORK, NOT CHARITY

Every effort directed towards alleviation of unemployment conditions should be concentrated on the provision of work and not charity. That is the way, and a sure way, to assist in bringing nations and individuals out of the trough of economic depression. There is no more important thought which should dominate all considerations of what can be done in a time of stress. It is the policy that should govern the panacea proposed, not only by Governments but by private organizations. The more charity is given, the more self-respect is sapped; the more a condition of life will be provided.

The vast proportion of our unemployed want work, not charity. They have made that clear. The work to be provided should, as nearly as possible, approximate to their physical fitness, and for that reason should be diversified. In solving unemployment it is undesirable to put all our eggs in one basket. A condition of unhappiness is created by offering clerks and stenographers only manual labor. In the solution of the unemployment problem a life's wrong turn may be taken by destroying the exercise of statesmanship; which proceeds towards a solution along many avenues. It is only helped incidentally by the creation of employment in one industry or of one character. All round work is the requisite. There should be an avoidance, by every possible means, of finding an ephemeral panacea by sporadic charity.

SOCIALISTIC LEGISLATION

New warnings are being issued all the time against the growth of Socialistic legislation. It is that characteristic of legislation which is contributory to the world's ills today, which has fostered the conditions that create depression, for, because of it, governments have been mortgaging their future. One of the latest warnings comes from Mr. J. Roberts, High Chief Ranger of the Ancient Order of Foresters Friendly Society, and it was given at the meeting of the High Court held at Cardiff.

Mr. Roberts impressed on his audience that the one quality most to be desired in national life is a reawakened sense of individual responsibility. The distrust, he says, is deepening of the uses and futilities to which Parliament is being put. Modern legislation, he admits, is not the product of any particular party. It is too often undertaken in an orgy of competitive vote-catching. It is of the character that is destroying sturdy individualism. "As a result," he says, "multitudes have come to visualize the State as an organization equipped with limitless funds, the proper employment of which is to release all citizens from doing anything positive for themselves or their families." It is a state of affairs against which such organizations as the Ancient Order of Foresters Friendly Society have sternly set their influence.

WEST AND EAST

To see ourselves as others see us may prove either a chastening or a gratulatory process. One of the benefits of international intercourse is the frankness with which members of one nation speak of those of another. There is in this often a revelation of the different ideals which inspire different types of civilization. It is the sum total of these which makes up the world, and there are aspects of development and outlook in which one people may learn from another to the benefit of humanity as a whole.

A broad criticism of views held in the Western world is forthcoming from the pen of Mr. Vasudeo B. Mehta, writing in The Indian Review. He sees in the development of modern industrialism something that is destroying man's sense of leisure and love of knowledge for its own sake. He sees the beauty of silence and the capacity for meditation, "on which depends the spiritual development of man," becoming unknown in the West. He sees, moreover, a loss of happiness and a search for that "lost happiness," expressed in terms of multiplying wants rather than decreasing them. Here is a present criticism:

"The watch and the clock have become the gods of the European and American nations; and this Time-slavery has made them restless and neurotic—thus making them incapable of proper moral and spiritual development; for it is obvious that restless and neurotic people cannot become highly moral and spiritual. The delinquency of the intellect has made Western peoples confound knowledge with wisdom, and instruction with education. They do not realize that wisdom and education are the products of limitation and all-round development of man, while knowledge and instruction are the result of a purposeless expansion and the development of the intellect over the other faculties of man."

The writer admits that the ideal of progress in the West has one good feature in that it has made man optimistic. He notes that the Westerner never desponds, that he is constantly hoping for better things to come and that he does all he can to make those better things come. In the manner in which Western peoples make their heroes. It is a poet one day, then a cinema star, then a sportsman. He questions the extent to which they really revere greatness of character, or literary or artistic genius. If they did, his conception is that they would never laud other and lower types of talent or genius to the extent they do. In other words, "the worship of saints or philosophers and of football players cannot possibly go together."

There is one question that puzzles Mr. Mehta. He cannot understand why Western peoples do not remain faithful to one ideal of beauty in art. He does not know whether it is that they do not know their own minds or just that they are changeable. The fact is, however, that they

cannot remain satisfied with their artistic creations for any length of time. They are unlike the Indians and unlike the Greeks in this respect. Even what the English people liked in literature in the days of Elizabeth, or George III, or of Victoria, is not liked by their descendants of today. On the other hand, Eastern peoples take it for granted that certain values are eternal. They have never questioned these values. With them the saints and men of learning and vision are put at the top of the ladder, because they believe such men exercise the most and the best influence in moulding society and in the development of civilization.

GERMAN MENTALITY

A great deal of sympathy is going out to Germany because of the financial conditions in that country. It may be misdirected, because it is possible that what is happening is being engineered for political purposes. Neither during nor since the war have the German people been in a humbled and chastened frame of mind. There is in that country a feeling that the war was not eradicated that Germany was never invaded or despoiled. She is under the impression that the only reason peace ensued was because of internal revolution, and if that event had not taken place that she could not have been beaten.

The Germans evaded their internal debts by a financial crash, and it is just a question if the financial conditions of the present time have not been, to some extent, engineered so that Germany may escape paying her external debts and reparations. Those who understand the German mentality are persuaded that the people of that country feel they have done nothing for which they should be called upon to pay. There is a body of opinion in Germany, ever growing, which believes that no more reparations should be imposed. If such is the case, Germany may be very successful in arousing sympathy for her plight among those nations who suffered most in the war, with the exception of France. The verdict of history will, in every probability, be that France has estimated the German mentality better than any other nation.

IN RUSSIA

In praising Russian methods, Mr. George Bernard Shaw has been telling the people of Britain that the Russians never seem to him to sleep less than five in a room, and they have no particular objection to sleeping ten in a room if necessary. Evidently hygiene does not go hand in hand with the Soviet civilization, but Mr. Shaw thinks that civilization, even with its communism in sleeping, is the finest thing that ever happened. He says, too, that "there is, of course, shooting for political offences." As an agent of the Third Internationale he makes admissions that hardly appeal to Western civilization, for he says that in Russia, since capital punishment has been abolished, "a man can commit a murder on very favorable terms—an average of four years."

Major-General J. F. C. Fuller, writing in The Nineteenth Century, expresses the belief that the Gandhi's spiritual bolt is spent. He says that, unlike Christ, he has not learned the statesmanship of the words "render therefore unto Caesar the things that are Caesar's," and unto God the things that are God's." Of Mr. Gandhi he says: "He will pass his way like many another who has trodden his thorny path, a saint who for the love of God has sinned against humanity, and on the tomb for his memory will be the words 'non pacem sed gladium' be inscribed in letters of blood."

HARDNESS

"I have seen them, men and women, standing the things they had to do. Cold, heat, the failure of sun and rain, and the walls about them they loved. And I have seen them standing the things they had to do, growing harder, like iron drawn from the forge. I have seen how men turn from the forge. To those who are soft as April after the winds go down. But I say to you who pass by them, seeking a fleece for yourselves, There is the way of trumpets ringing out across the hills. There is the way of stars on glittering winter nights. There is the way of men who have lasted down to today."—Harriet Plimpton, in Scribner's Magazine.

To me every hour of the light and dark is a miracle, every cubic inch of space is a miracle.—Walt Whitman.

Can there be a more horrible object in existence than an eloquent man not speaking the truth?—Thomas Carlyle.

Note and Comment

By R. R. D.

I never knew any man in my life who could not bear another's misfortune perfectly like a Christian.—Pope.

The census is like the weather in one respect—it is hardly ever completely satisfactory to everybody. While the people of Victoria have less reason than the people of most other parts of the world to grumble about the weather, the people of Victoria have more reason than the people of most parts of Canada to complain about the census. But while the state of the weather is never the fault of the people, the state of the census may to a certain extent be the fault of the people. The people of Victoria have more reason than most people to grumble about the census, but other people with far less to grumble at are grumbling more than our people about the distribution of the population as revealed by the figures of the census.

The reason for our undisturbed state of mind may be that we are more philosophical in our views of life than some of our neighbors, and because we know in our hearts that the figures of the census do not disclose the actual state of affairs with regard to the population of this city. The census states the facts, beyond question, but it does not penetrate below the surface and reveal the truth which is patent to all who have eyes to see. The census figures indicate superficially that the population of Victoria is less than it was ten years ago, while there is ample evidence, more convincing than collected figures, that the population of Victoria is much greater than it was ten years ago.

If one were disposed to grumble about the census, the only feature of it we would grumble about is the fact that the general impression created by the published figures will be that Victoria, instead of growing in population and increasing in prosperity, is declining in population and wanting in prosperity. Comparing the state of Victoria at present with the state of the city ten years ago, we know that the impression created by the census figures is false and therefore misleading. But the figures as collected and published will stand, and the impression they have created cannot be corrected for ten years. That is the only feature of the census we are inclined to grumble about.

We have been looking into this census matter as it affects several growing communities and cities, and have found out that in every case cities in all parts of the world which have increased in population have added to their numbers by process of annexation. London has maintained its position as the largest city in the world by absorbing its suburban areas. Capetown has met the competition of rivals in South Africa by extending its municipal boundaries. Los Angeles, the miraculous city of the United States, in its ambition to overtake and pass all rivals, has expended until it bears a close resemblance to an inflated county than a congested city.

Vancouver has become the third city in Canada by processes of annexation. The Manitoba Free Press has clothed itself in sackcloth and plastered its hair with ashes because the census proves that Vancouver has a greater population than Winnipeg. Our Winnipeg contemporary undergoes almost as many ailments as Job within the compass of a year, but it does not expose its misfortunes to the philosophy and the patience of the Scriptural character. In the company of its political leader, Rt. Hon. William Lyon Mackenzie King, it has been compelled to walk through several valleys of humiliation. First there was the unexpected defeat of the Liberal Government. Then there was the paralyzing Beauharnois affair, which exposed the source of the very Liberal campaign fund and the hypocrisy of the party's leaders. There were other petty trials, such as the defeat of the Liberal Government of Prince Edward Island.

But the culminating blow was administered by that city of boundaries, Vancouver, in usurping the position of Winnipeg as the third largest city in Canada. We shall not chortle over the discomfiture of our contemporary in that matter. Whoever it was that said that a fellow-feeling makes us wondrous kind expresses our feelings for the downtown editor of The Free Press. For it appears that Winnipeg might have been the third city of Canada in point of population, as it is in business, if it had anticipated the action of Vancouver and extended its boundaries. But there were obstacles in the path of the extension of the boundaries of Winnipeg as there were obstacles in the path of the extension of the boundaries of Victoria, and in the

one case as in the other, the census figures do not give a true indication of the population of either city. When the full census returns are published, the actual increase in the population of both Victoria and Winnipeg will be revealed, but unfortunately the figures, when compiled, will not remove the unfortunate impression that has been created in the case of Victoria—that during the decade there has been a decrease in the city's population.

WILD DUCKS AND GESE

Sir—Referring to the above and my letter appearing in The Colonist newspaper under date of August 21, 1931. A correction is necessary, as neither myself nor the Jack Miner League has anything to say against the use of artificial decoys, but I do think, for game conservation, most sportsmen will agree with me that where artificial decoys are used a limit should be fixed on the number of artificial decoys used by any one man or gun.

RESTORING PROSPERITY

Sir—I have read the reports on Mr. E. C. Mayers, K.C.'s address to the City Relief Committee, in which he criticized the schemes of the Dominion, Provincial and municipal governments and suggested that the unemployed problem should be tackled from the angle of a "back to the land" movement. I read with some astonishment and a little scepticism Sir Frank Bernard's letter which appeared in your columns this morning, in which Sir Frank appears to have swallowed all the statements of Mr. Mayers as the words of a Moses to lead us out of the wilderness.

Frankly, Mr. Editor, every suggestion that, upon examination, is found to be capable of alleviating, in some degree, the condition of those who are now in distress should be supported, but, under the present conditions, it is necessary to keep a level head and not to be carried away by the pressing need into entering into some wild scheme. The present situation has been in process of development for a number of years now and there were not wanting some who, when the inevitable result is likely to be, who called attention to the dangers, but they were then classed as "knockers" and "reactionaries." Lack of foresight is what causes half-baked schemes, such as those instituted by the late Liberal administration, particularly under Mr. Pasko's department, when some \$12,000,000 of the provincial money was practically wasted, in a so-called "back to the land" movement. There is plenty of land still available for those who are practically unemployed who have a predilection for farming and who desire to take it up.

Let us now calmly examine Mr. Mayers' statements and his remedy: 1. He says that farming does not pay, that farmers are practically bankrupt, are unable to pay their mortgages. 2. He assumes that industries will never be able to reabsorb the unemployed and therefore they have become a surplus population. 3. He makes statements regarding our national debt, taxation, and Government expenditures, in which some truth is mixed with his conclusions and surmises. Many will question the correctness of his views.

4. He suggests the abandoning of the road schemes and substituting employment on the land. He suggests that men on the land can immediately make a living out of it. It will take too long to go into all the different points, but let us examine the unemployed situation in British Columbia first of all. Assuming there are some 30,000 unemployed in the province, it is, I think, not very far out to say that 70 per cent of them are connected in one form or another with our lumbering industries. Get these industries restarted and the unemployed problem becomes a simple one. Under normal conditions the lumbering and auxiliary industries give employment to some 40,000 men. At present these industries are working from 40 per cent to 50 per cent capacity. With inflation and consequent high prices, wages in these industries run from \$1 an hour down to the minimum scale of 40 cents an hour. Fully 50 per cent of our taxpayers depend upon the American rail trade and this has been cut off by the Smoot-Hawley tariff and by the depression which has reduced building operations. The people are still there, and they are still bearing and raising children who in time will require more buildings. In other words, the demand is still there and will continue to be there, and if there is less building going on now, later there will have to be more. It is of no means correct, therefore, to say that the lumbering industries will not come back.

The Australian Treaty alone opens up a preferential market which, under normal conditions, takes some 400,000,000 feet and there are the British and other Empire markets. The position is present, therefore, one of maladjustment. The United States takes back, through its tariff, its home market, and by our treaty, we are taking back the Empire markets. MAN RESTORE INDIAN ART

Suggestion Made to Transform Section at Duncan Into Attractive Display

There is some prospect now that a proposal made to the Rotary Club of Duncan by Alfred Carmichael, of Victoria, whereby the section of Indian reserve through which visitors to Duncan pass as they enter from the south may be transformed into a beauty spot and an interesting reminder of the aboriginal life on this coast. The project has been placed before Dr. Duncan Campbell Scott, deputy superintendent general of Indian Affairs, who is now on the coast.

Dr. Scott has requested that a definite proposal should be prepared and placed before the department so that there might be something upon which action could be taken. This will be done, as the citizens of Duncan and vicinity are very much in earnest about the scheme. Mr. Carmichael, who is the originator of the plan, was deputized by the Duncan Rotary Club to present the matter to Dr. Scott.

SUGGESTED PLAN

The plan which Mr. Carmichael has in view has for its object the removal of what is now an eyesore on the borders of Duncan. It concerns the reserve between the bridge over the Cowichan River and the town itself. The buildings on the reserve are in nowise attractive, and mar the appearance of the district. It is proposed to co-operate with the Indian Department in the replacing of the present Indian cabins with buildings which would be replicas of those used in the primitive days before the white men came. These would recall the style of architecture of the aborigines and be made to serve as a museum relating to Indian life.

The speaker elaborated the plan so that it might include a general exhibit of the various types of habitations and buildings used by the Indians, coupled also with totem poles and any other characteristic works of the natives. Mr. Carmichael points out that the scheme could be made to embrace displays representing various sections of the Indian tribes. He said that it could cover the whole of the coast and perhaps the interior parts of British Columbia. In this way the display would be of value to anyone who was interested in the study of Indian life and characteristics. The scope of the exhibit could also include the review of some of the lost or nearly-lost arts of the tribes. With this in view, Mr. Carmichael advocated undertaking the teaching of the arts of the present day some of the arts of the days gone by. By so doing, a means of revenue for the natives would be created. He suggested that there might be exhibits of native cooking as well as handicrafts of the old times.

The extent to which this could be carried could be worked out and from time to time enlarged upon. Instead of a place which the citizens of Duncan and the remainder of the island are ashamed, there could be substituted an attraction for tourists who would have the opportunity of making purchases of the handicrafts of the Indians who are located there.

Dr. Scott was not in a position, when the matter was placed before him, to promise anything, but he said that he would be glad to do something of a definite character was ready for attention. The Duncan Rotary Club has the matter now under consideration as to what shall be done in securing from Mr. Carmichael assistance in the elaboration of the plan to be offered to the department at Ottawa.

VISITORS TAKE HONORS AT GOLF

Bishop of London and Bishop of Oregon Defeat Opponents at Colwood

The Bishop of London and the Bishop of Oregon defeated the Bishop of Columbia and his partner, Joseph Gawayard, in a foursome at golf played over the Colwood links yesterday.

The match started shortly after 11 o'clock in the morning, nine holes being played before luncheon, and the second nine in leisurely fashion during the early part of the afternoon, after which the Bishop of London drove over to Halley Park to have tea with Mrs. Dunsinuir. He arrived back in Victoria with Bishop Scholfield about 6 o'clock in plenty of time to prepare for the dinner given in his honor at the Empress Hotel by the Canadian Club.

A slight change has been made in today's programme, and owing to Captain Troup's yacht being out of commission his Lordship will be the guest, instead of Norman Yarrow on his yacht, Cynthia, for a fishing cruise about the Saanich Arm. Accompanying the Bishop of London, Bishop Remington, J. E. Semmes, F. E. Winslow and Henry Dalby, one of Victoria's most expert fishermen, will leave the city by motor about 1:30 o'clock. The party will board the Cynthia at Mill Bay Ferry and spend the afternoon cruising about the inland waters, trolling for salmon. Tea will be served on board, in order to give the visitors the best possible opportunity to enjoy an unbroken afternoon's sport.

Sunday will be spent quietly, the Bishop of London preaching in the morning and evening at Christ Church Cathedral.

YOUNG STAR IN DOMINION FILM

Robert Montgomery Leads Cast in Light Comedy "The Man in Possession"

Robert Montgomery is starred in "The Man in Possession," the new Metro-Goldwyn-Mayer feature picture which will open today at the Dominion Theatre.

The picture of the H. M. Harwood stage farce again places Montgomery under the direction of Sam Wood, the director who launched his striking screen career just two years ago in "So This Is College." The picture is of particular interest because it is the first film effort of the young player, a complete characterization in the type of light comedy that brought so much comment upon his scenes in "The Divorcee" and "Branigan May Kiss." It is a sophisticated brand of humor but packs a certain naive quality that makes it doubly enjoyable.

It was prepared for the screen by Sarah Y. Mason, with additional dialogue written by Miss Mason and P. G. Wodehouse, famous English humorist.

UNABLE TO SHOW "ON APPROVAL"

Coliseum Management Will Present Production "Plunder" in Place of Former Picture

Owing to the late arrival of the film from England, the Coliseum Theatre will be unable to present "On Approval." The management has booked instead "Plunder," another great British picture. Tom Walls and Ralph Lynn, the stars of "On Approval," are featured in this new production. Usually the comedy is all that matters, and possibility is sacrificed for funny situations that raise laughter, but laughter that is often derisive. In "Plunder," the film adaptation of the Aldwych Theatre comedy, there is a very happy combination—a really interesting story, excellent acting and sparkling dialogue. Tom Walls and Ralph Lynn give of their best; Mary Brough and Robertson Hare come to the fore with their own brand of inimitable humor, and Winifred Shotter acts charmingly and succeeds in looking lovely.

CAPITOL Tonight brings to a THEATRE close the engagement of Universal's tense love drama, "Up for Murder," which has created a veritable sensation at the Capitol Theatre. No picture shown here during recent months has attracted more attention than this unusual screen play, according to Manager Denham, presenting, as it does, an exceptionally powerful story, and a cast headed by Lew Ayres and Genevieve Tobin.

COLUMBIA "Hell's Angels," the THEATRE most extravagant film spectacle of all time, is playing at the Columbia Theatre for the last times today. "Hell's Angels" is the sensational air-war film which was produced and directed by Howard Hughes at a cost of \$4,000,000 and after three years of continuous filming. Ben Lyon, James Hall, Jean Harlow, Lucien Prival and John Darrow head the cast.

PLAYHOUSE Hedda Hopper, screen THEATRE sophisticate, abandons this type of role and appears as just the opposite, playing Kitty Duprey in "A Tailor Made Man," William Haines new Metro-Goldwyn-Mayer starring picture now playing at the Playhouse Theatre.

Shower baths are provided on a new type of motor car. Pedestrians can still get on by standing on the curb on a wet day as the cars go by.

BILLION A YEAR IS
CRIME COST IN U.S.

WASHINGTON, D.C., Aug. 21
(AP)—The "Wichersham commis-
sion" places the annual cost of
crime in this country at beyond a
thousand million.

Its latest report reached no lump
sum estimate, but contained a series

WARD IN USE
FIRST TIME

Jubilee Hospital Directors
Visit Renovated Children's
Quarters After Meeting

The newly-renovated and re-
furnished children's ward at the Ju-
bilee Hospital was occupied by the
small patients for the first time
last night. Great excitement pre-
vailed among the youngsters, few
of whom were too ill to appreciate
the novelty of the new surround-
ings, and when the members of the
hospital board tipped in shortly
after 9 o'clock to see if the little
charges were sleeping peacefully
after their transfer, they were
somewhat surprised to find most of
the children wide awake as if it
were their first night in hospital.

The visit to the children's ward
was an unofficial incident in con-
nection with the regular monthly
meeting of the board, presided over
by H. H. Shandley, the meeting ex-
pected to spend the major part of
the evening discussing the report
and recommendations submitted by
Dr. A. K. Haywood recently, but
the bulky nature of the report and
the lengthy character of the discus-
sion which it will necessitate, de-
cided the board to devote an en-
tire evening to this matter alone.

The meeting will take place at the
call of the chair.

QUARTER CENTURY
Early in last night's meeting a
resolution of congratulation was
passed to Mrs. Charles Rhodes on
having completed twenty-five years
of service on the board, the chair-
man, Mr. Shandley, congratulating
her on this expression of his own
deep personal appreciation of her
services and the indefatigable interest which she
had shown and the great help
which she had fostered through the
Women's Auxiliary.

The regular hospital reports
showed that the total days' stay for
the month of July was 6,039; the
average number of patients in hos-
pital, 214; the cost per diem \$3.54,
or, including X-ray and laboratory,
\$3.93.

OAK BAY GRANT
The municipality of Oak Bay was
cordially thanked for a special
grant of \$2,000 toward hospital ex-
penses; and the British Columbia
Cement Company for its annual
contribution of \$300 for the main-
tenance of the ward which the
company furnished.

The Daughters of Pitt were
thanked in a resolution sponsored
by one of the directors, for their
recent gift of a sterilizer, which
cost the donors and the hospital
gift which was the subject of a
resolution of thanks was F. A.
Small's cheque for \$10 toward the
wiping out of the hospital deficit.

Immediately adjoining the newly-
renovated children's ward is a little
ward for children who are too sick
to be nursed in the regular ward.
This little room has been beauti-
fully furnished, at considerable cost,
by the Young Women's Auxiliary, and
is quite ready to receive occupants.

STANDING COMMITTEES
Standing committees for the en-
suing year were appointed as fol-
lows at last night's meeting:
House committee—Alderman J. A.
Worthington, H. H. Shandley,
George McGreggor, Charles Wil-
liams, C. W. Rhodes, J. Vaughan,
Mrs. C. W. Rhodes, Edwin Tomlin,
Roberts, S. J. Drake, Edwin Tomlin,
Reeve William Crouch and Coun-
cillor Lockley.

Grounds committee—Charles Wil-
liams, H. G. Heisterman, James
Forman, R. H. Powell and Alder-
man T. W. C. Hawkins.

Legislation committee—James
Forman, Edwin Tomlin, H. H.
Shandley, H. G. Heisterman, R.
H. Powell, P. R. Brown, Reeve Wil-
liam Crouch and Councillor A. Lock-
ley.

Finance committee—Edwin Tom-
lin, Charles Williams, James For-
man, J. Vaughan, Roberts, P. R.
Brown, R. H. Powell, Reeve William
Crouch, Alderman T. W. C. Hawkins
and Councillor Lockley.

Training school committee—S. J.
Drake, C. W. Rhodes, George Mc-
Greggor, H. G. Heisterman, P. R.
Brown and H. Shandley.

Executive committee—President,
vice-president, honorary treasurer
and chairman of committees.

George McGreggor, Dr. E. M.
Pearse (medical superintendent),
and Miss Mitchell, director of nur-
sing, were appointed the three of-
ficial representatives of the Jubilee
Hospital to attend the annual meet-
ing of the British Columbia Hospi-
tal Association, which is to be held next
month, but all other matters of the
board are cordially invited to at-
tend the sessions.

Destitute Family
Needs Furniture

Another destitute family is in
need of immediate assistance in the
matter of house furnishings. The
Friendly Help Association yesterday
appealed through The Colonist for
table, chairs, a stove and a bed for
one little home which is being or-
ganized for a family which was
renting a furnished house until
changed circumstances made it im-
possible for them to continue their
rental any longer; and a baby
buggy is being appealed for for an-
other family.

Announcements

The great distinction between
electrical treatment and all other
methods to remove superfluous hair
is that it absolutely, surely and per-
manently destroys the hair instead
of merely temporarily removing it
from the surface, and the pain is
just the ordinary stinging sensation
peculiar to all electrical treatments
—so there is absolutely nothing
whatever to be afraid of. Miss
Hamman, 563 Sayward Bldg. Phone

"Ye Olde-Time Box Social Supper
and Dance"—Friends and members
of the City Temple are reminded of
this annual event, being held on
Saturday afternoon, from 3 until
midnight, at the Fairview Summer
Home, near Mt. Douglas Park, on
Marine Drive. Follow the signs or
take Cordova Bay bus.

Mrs. Drake will take charge of
your wedding luncheon, supper or
private party. Equipment and
efficient help. Provide dainty and
delicious food always. E 2622.

City and District

Premier to Open Fair—Premier
Tolson left last night for Van-
couver, where he will preside at the
official opening of the Vancouver
Exhibition, which takes place today.

Hindu Fined—A fine of \$10 and
\$2.50 costs was imposed on Chanda
Singh, who was found guilty in city
police court yesterday of assaulting
John H. Gray, P. C. Elliott was
counsel for the defence.

Appointed Assistant Master—John
Gough, Victoria, has been appointed
to the position of assistant master
at the Victoria Normal School, ac-
cording to notice appearing in this
week's issue of the British Colum-
bia Gazette.

Inquest Set
FOR MONDAY

Body of Eugene Clark Re-
covered From Gorge
Waters

An inquest into the death of Eu-
gene Clark, former manager of the
Columbia Theatre, whose body was
recovered from the Gorge, yester-
day, will be held at Hayward's B.C.
Funeral Parlors on Monday morning
at 10 o'clock.

Mr. Clark was swimming in the
Gorge near the public bathing house
on Thursday afternoon, when he
sank without any cry for help.

Robert Twyman, a young man
who noticed him disappear, made
an attempt to rescue him, but could
not find the body. Equinault and
Saahnik police were notified and
dragging operations were com-
menced.

The search was resumed yester-
day, and Mr. Twyman succeeded in
bringing the body to the surface not
far from the spot where Mr. Clark
disappeared.

Mr. Clark leaves a widow and one
daughter, Mickey, at 3135 Quadra
Street.

Automobile Club Grant—A grant
of \$2,000 to the British Columbia
Automobile Club was authorized by
the council of the Provincial
Government, this week. The grant
is to assist the club in erecting
directional signs on public high-
ways.

Expresses Appreciation—Mrs. Ida
C. Hale, Cadboro Bay, expresses her
grateful thanks to all who gave
their kind assistance during the loss,
by fire, of the Cadboro Bay Hotel,
also to the members of the Saanich
Fire Department, for their splendid
services.

Appeal Made—Another appeal is
being made by the Friendly Help
Association for clothing and house-
hold utensils for needy families.
Persons wishing to make such dona-
tions should leave them at the as-
sociation headquarters in the
Public Market Building, or commu-
nicate with the secretary.

Touring Party—A party of tour-
ists under the Burlington touring
organization reached the Empress
Hotel here yesterday at noon from
Seattle. They spent a few hours
motoring about the city and left for
Vancouver later in the day. They
will proceed from the latter city to
the C.P.R. to the mountain hotels.

Special Smoking Concert—The
Victoria Branch of the Army and
Navy Veterans' Association in Can-
ada will hold a special smoking
concert in the clubrooms of the
Empress Hotel this evening. An
excellent programme of
entertainment has been arranged
by the committee in charge, and a
large attendance of members is ex-
pected.

Carry Greedings—Two Victorians,
William Brasser and James Croun,
of 935 Yates Street, will leave early
next week on a transcanada hike,
being greeted from Seattle to Van-
couver and then to the Pacific coast.
The pair will go to England and endeavor
to secure the patronage of Lord
Verulam for a walking tour through
Europe.

Names District Officers—Ernest
Stock, vice-president of the Victoria
Kinmen Club, was appointed
deputy district governor at a meet-
ing of the club held Thursday night,
at the Empress Hotel. Other officers
named were Herbert Hartie, district
secretary, and Hugh Francis, district
treasurer. The appointments
were made by District Governor A.
J. Helmecken.

Auto Accident—Two automobiles
were overturned in a collision at the
intersection of Pembroke and Cook
Streets at 9:30 o'clock last night.
The machine driven west on Pem-
broke by Roy Bull, of 735 View
Street, came into collision with an
other machine driven by George
Fisher, of 1083 View Street. Both
machines turned over after the im-
pact. Mrs. Fisher was badly shaken
up, but suffered no injuries.

Safer for Skaters—At the meeting
of the Kinmen Club on Thursday
night, at the Empress Hotel, Dr.
Stanley, suggested that the arti-
ficial lake in Beacon Hill Park
be drained to a shallow depth dur-
ing the winter to make the lake
safer for skaters. The suggestion
will be taken up with the service
clubs council. Dr. Miles pointed out
that in addition to making it safer
for skaters, frequent draining would
add to the lake's beauty.

Relief Plans Advance—Definite
plans for the collecting of donations
to the Equinault Citizens' Relief
Fund are now getting under way. It
was announced yesterday by A. R.
Wolfenden, secretary of the com-
mittee. The Equinault council has
been asked to take charge of their
respective wards. Mr. Wolfen-
den said, and the members of the
council will be asked to canvass for
the fund for the district. The ac-
tual canvassing work will probably
commence early next week, it was
stated.

Addresses Commercial Club—John
B. Barro, Deputy Minister of Agri-
culture, addressed the members of
the Capital City Commercial Club
yesterday at noon. Mr. Munro
spoke on the effect on the British
Columbia agricultural situation
through the consumption, by the
citizens of the province, of produce
imported from foreign countries.
Following his address, the members
left for Vancouver to attend the
opening of the Vancouver Fair, to-
day.

Tourists Coming—Four parties of
tourists are expected in this city
this week-end, being brought here by
the C.N.R. The Prairie Farm tour
of seventy-five from Chicago and
central states centres will be fol-
lowed by the Wisconsin tour of fifty
persons, the Texas Farm party of

FRENCH NOBLE
ON VISIT HERE

Comte Max De Beauregard,
of Paris, Making Tour of
Canada and U.S.

An interesting visitor in the city
yesterday was Comte Max De Beau-
regard, Chevalier of the Legion of
Honor, from Paris, who is making a
holiday tour of Canada and the
United States. The Comte, who is a
veteran of the Great War, in which
he was twice wounded, is very
enthusiastic over the Dominion and
especially its cities. Quebec, natu-
rally, was his greatest delight, and
he expressed himself as charmed
with the ancient city's resemblance
of Old France.

Discussing various subjects in an
interview yesterday, the Comte re-
marked on Canada's splendid facili-
ties in the matter of public hospi-
tality and hygiene, particularly
stressing the value of pure water
supplies and sanitation methods of
the larger cities, such as Montreal,
Ottawa, Winnipeg and Vancouver.

COLONIAL EXHIBITION
The Colonial Exhibition in Paris,
this summer, was a great success, he
declared, having more than paid its
expenses two months ago and still
continuing. He remarked that the
present prosperity of France was
largely due to the fact that there
was an equilibrium between agricul-
tural and manufacturing industry;
60 per cent of the population being
agriculturalists; combined with an
immense interior market secured by
tariffs, and comprising the home
country and the exterior French
possessions such as Algeria, Indo-
China and Madagascar. The only
product which is nonexistent in the
French hegemony, according to the
Comte, is petrol; otherwise France
is quite self-supporting.

Both workers and employees, on
the whole, resent Government inter-
ference, preferring to arrange their
own insurance for sickness, old age
and unemployment between them-
selves, rather than make use of
state aids. The total absence of un-
employment he attributed to the
spirit of independence and thrift
ingrained in the nation, with the
moral effort obtained by secure
methods.

ARMAMENT INCREASE
The Comte emphasized that the
French were lovers of peace, but
they did not see why they should
contribute to the maintenance of a
next-door neighbor, like Germany,
increasing her armaments. He
mentioned that both in the United
States and this country France
seems to be continually misrepres-
ented as being a disturber of the
peace, but in reality this country had
no real guarantee of tranquility.

The absence of the United States
from the League of Nations and lack
of any moral, or material, backing
from other powers, made it impera-
tive that France should continue to
be prepared to defend themselves.

Well known in artistic, literary
and diplomatic circles in Paris,
Comte Max de Beauregard is re-
turning to Europe by way of Cali-
fornia and New York, after paying
a brief visit to his friend, Comte
Jean de Sussanet, of Victoria.

Solarium in Need
Of Jam Supplies

The Queen Alexandra Solarium,
Mill Bay, is in need of jam. Jam
is a commodity much in demand
wherever there are children, and
at the Solarium there are fifty little
patients to feed, the supply is never
too heavy in any of these com-
modities. As the jam-making sea-
son is still at its height, the com-
mittee in charge would be very
grateful to all housekeepers if they
would remember to set aside a little
each "cooking" for the Solarium
larder. Supplies may be left either
at the Solarium offices, Govern-
ment Street, or at Messrs. Scott &
Peden's, who will undertake to de-
liver any gifts at the Solarium,
Mill Bay.

FIVE DIE AS GUNS
BATTLE IN NEW YORK

Continued from Page 1
The two passengers slumped to the
floor of the cab. They were taken
to a hospital, but were dead upon
arrival.

One of the slain gunmen was
identified as John Brecht, twenty-
five, of the Bronx. His companion,
was not immediately identified. In
the tactical were five revolvers, a
large amount of ammunition and the
stolen payroll.

THE CASUALTIES
As police checked over the route
of the battle it was found the fol-
lowing had been injured:
Sophie Van Zierkorn, forty, bullet
in right leg.
John Lopez, thirty-five, city fire-
man, shot in right ear.
Mrs. Matilda Lopez, thirty-two,
his wife.
Gloria Lopez, four, their daugh-
ter, shot in head.
Jacob Siegel, thirty-two, taxicab
driver, shot in the mouth. Police-
man Frances McPhillip, twenty-five,
bullet in left leg.
Policeman David Louis, twenty-
five, wounded in the chest.
Thomas P. Oullen, twenty-five, an
attorney, struck by flying glass, when
his windshield was shattered by a
stray bullet.
Nicholas Klein, thirty-one, shot in
the left arm.

SHOT ON SUSPICION
At about the same hour two
youths, suspected of being hold-ups,
were shot by police in Jersey City,
N.J., but not seriously wounded.
Police mistook the two for robbers
who had held up the New Jersey
Telephone Company, and escaped with
\$1,600.

Another hold-up occurred in Man-
hattan, when a well-dressed
youth held up an engraving office
on East 45th Street building and
escaped with \$687 of a \$2,000 pay-
roll. Before ascending, the bandit
pressed a gun against an elevator
operator and forced him to accom-
pany them so that they would be
sure of a quick escape.

Several policemen were in the
building guarding payrolls of other
concerns, but so well executed was
the robbery that none of them heard
the disturbance.

LABOR GOV'T
STRIVES TO WIN
OVER OPPONENTS

Continued from Page 1
no Cabinet meetings would be held
either tomorrow or Monday.

Scarcely had the ministers left the
scene, when Sir Herbert Samuel, for
the Liberals, and Sir Hon. Neville
Chamberlain and Sir Samuel Hoare,
for the Conservatives, appeared at
Downing Street to resume their con-
versations with Prime Minister
MacDonald and Sir Hon. Philip
Snowden, Chancellor of the Ex-
chequer. Co-operation in Parlia-
ment over special economy measures
was the theme.

SUDDEN CALL
So a half-hour passed—and the
ministers who had hurried away for
the week-end came hurrying back.
They left for dinner, only to return
to No. 10. The spokesmen for the
three parties, with the majority of
the Cabinet ministers also on hand,
sat through until 10:30 o'clock.

From none of the party repre-
sentatives was any statement on the
situation forthcoming. Apparently,
all the participants reached agree-
ment to make no announcement.
Whether the hurrying to and fro
signify progress or the opposite, is
such a compromise as will satisfy
the Labor party—are opposing any
cuts in the dole; the Conservatives
want more economy. Apparently
the Government is fighting hard to
find a compromise as will satisfy
the Opposition without breaking up
its own following.

I.O.D.E. Members Hear Of National Meeting

Miss Ilace Terry, Provincial Treasurer, Reads Report of Convention She Attended as Delegate From British Columbia

"The splendid total of \$350,000 raised by the primary chapters of the Imperial Order Daughters of the Empire during the past year, of which \$50,000 was expended on child welfare, \$34,000 on educational work, \$3,400 on immigration, \$20,000 on Christmas cheer, \$50,000 spent by the chapters locally, and more than \$11,000 was contributed to the works of other organizations, is something of which we, as members of the order, ought to be justly proud," said Miss Ilace Terry, provincial treasurer, during the reading of her comprehensive and interesting report of the thirty-first annual meeting of the National Chapter held in Halifax, from May 24 to 30.

Miss Terry was British Columbia's delegate to that meeting, and received great applause at the conclusion of her report, last evening, before a large gathering of members of the order at the New Thought Hall.

The meeting had been arranged by Mrs. L. A. Genge, regent of Municipal Chapter, to whom the success and splendid arrangements in all details were due. The hall was charming with masses of gladioli.

PLAN TO FORM NATIONAL BODY

Will Discuss Question of Dominion-Wide Women's Auxiliary Organization

OTTAWA, Aug. 21 (CP).—The possibilities of organization of a Dominion-wide command for the women's auxiliaries of the Canadian Legion looms as one of the prospective features of the Legion Dominion Convention at Niagara Falls, from August 31 to September 3.

So far, owing to the lack of provincial commands in some provinces, it has not been possible to create a Dominion body for the women's auxiliaries, but organization of auxiliaries has now progressed to such a stage that there is every likelihood that this will be a subject of discussion at the women's conference which will be held in conjunction with the convention.

Reports to headquarters from Western Canada indicate the Western provinces will be well represented, officially, at this conference, while Ontario will have a strong representation. Delegates are expected also from the Maritimes. This will provide the basis of a Dominion-wide discussion on the advisability of emulating the organization plan of the Legion proper and forming a Dominion command of women's auxiliaries.

On behalf of Municipal Chapter, Mrs. A. E. Hopkins moved a vote of thanks to Miss Terry, which was seconded by Mrs. B. H. Tyrwhitt Drake, Mrs. J. H. Gillespie, honorary regent, presented Miss Terry with a beautiful basket of flowers, and a similar basket was presented to Mrs. Gillespie by Mrs. L. A. Genge.

The next annual meeting will be held in Regina, Miss Terry reported. In conclusion, Miss Terry presented an earnest wish that on the occasion of the next National Chapter annual meeting, it might be possible for each primary chapter to send one delegate, so that the inspiration of the fountain-head of the order might be "brought home" more effectively.

On behalf of Municipal Chapter, Mrs. A. E. Hopkins moved a vote of thanks to Miss Terry, which was seconded by Mrs. B. H. Tyrwhitt Drake, Mrs. J. H. Gillespie, honorary regent, presented Miss Terry with a beautiful basket of flowers, and a similar basket was presented to Mrs. Gillespie by Mrs. L. A. Genge.

New Music Played for First Time

LONDON, Aug. 21 (CP).—On the eve of the celebration at Glamis, Scotland, of the first birthday anniversary of Princess Margaret Rose, the first performance was given at Queen's Hall last evening of Sir Edward Elgar's "Nursery Suite," dedicated to the Duchess of York and her two young Princesses, Elizabeth and Margaret.

Sir Edward Elgar, a distinguished composer, holds the office of master of the King's music, a post vacant for nearly two centuries until King George revived it in Sir Edward's favor, seven years ago.

The new work is along the lines of Elgar's "Wand of Youth," which he composed in his own childhood. Critics who heard the "Nursery Suite" last evening, acknowledged its general beauty, but are not disposed to consider it another striking manifestation of Elgar's genius.

Some of them, however, express relief that it shows no disposition in Sir Edward to become "up-to-date."

Clubs and Societies

Daughters of St. George
The Daughters of St. George have planned a fraternal visit to Inverness, Nainaimo, today. All members who can make the trip together with their friends are asked to assemble at the C. & C. bus depot at 2:30 sharp. All former arrangements have been canceled. Further information may be had by telephoning Empire 2944, or Empire 5291.

Mrs. Alice M. Christie

A TRIBUTE
With the recent death of Mrs. Alice M. Christie, it would seem but fitting that a few words of acknowledgment be rendered to her memory.

She was one of the pioneer workers in the province for the cause of equal suffrage and defended women's rights both in the press and from the public platform, when women opposed the movement as well as most of the men.

Against all opposition she stoutly maintained "the woman who has a high ideal of citizenship and a high standard of social responsibility will make a better wife and mother, as well as a better citizen, and a better guide for children of her household."

An indefatigable worker for whatever she considered for the social or moral uplift of the community, her influence was strongly felt up to the time falling strength prevented her taking any further active share in public work.

Those who admired her courageous activity sponsoring righteous causes will always think of her as one of our intrepid pioneers.

These will be judged during the afternoon by the Metcoshin District Farmers' Institute. Prizes will also be given for the greatest number of thistle seeds brought. This competition is open to all children. Games and sports will commence at 2 o'clock. Afternoon tea will be served. Bazaar pillows will be sold as well as candy and ice cream. The public is invited to attend.

Rastus, on his first ocean voyage, was feeling the pangs of seasickness.

"Ho, ho!" taunted his companions. "You are a land lubber for sho."

"Right, boys," said Rastus, weakly. "And it's finding out how much I really love it."

CANADIAN SPORTS TO BE TRIALS

Labor Day Meeting at Winnipeg to Be Preliminary Olympic Tests

EXPECT WILLIAMS TO DEFEND TITLE

WINNIPEG, Aug. 21 (CP).—J. I. Morkin, president of the Amateur Athletic Union of Canada, announced tonight the Dominion track and field championships here on Labor Day would be regarded as preliminary Olympic trials. Selectors of Canada's team for the Los Angeles Olympics next year will attend the meet, he said.

Outstanding performances at the September 7 championships will not insure athletes of a place on the international squad, Mr. Morkin said, but he intimated that the selections would be made on the basis of the results.

It was regarded as practically certain that Percy Williams will be here to defend his 100-yard title, and that Jimmy Ball, of Winnipeg, and Alex. Wilson, Montreal's British Empire champion at 400 metres, will battle it out for the quarter-mile crown. Buster Brown, of Edmonton, is also entered in the sprint, and Arthur Ravensdale, of Cobourg, Ont., in the hurdles.

Meet officials were uncertain whether other athletes would be present from Ontario, though they expected a large delegation.

MAX TO BE IDLE UNTIL NOVEMBER

German Manager Looking for Title Bout With Walker and Dempsey

BERLIN, Aug. 21 (AP).—On the advice of his physicians, Max Schmeling, world's heavyweight champion, will do no boxing until November, his manager, Joe Jacobs, said today.

After some preliminary gymnasium work the champion will appear in exhibitions in London and Paris, Jacobs said, with an eye to the possibility of a title match with Mickey Walker, either at Miami, Fla., or Atlantic City, N.J., in February.

Jacobs also foresees the possibility of a match in June with Jack Dempsey. On the basis of telegrams he has received from the United States, Jacobs said, he felt confident Dempsey would make a determined effort to get in shape in an attempt to regain the title.

German Girl Claims New Swimming Mark

LEIPZIG, Germany, Aug. 21 (AP).—Bertha Wunder claimed a new women's world record for the 500-metre breast stroke swim today when she was timed in 8 mins. 32 sec. The former record, according to authorities here, was 8:32 2-10.

Prusoff and Jack Brawn Reach Final In Island Tennis

Vancouver Youngster Defeats Ryall After Brilliant Match as Defending Champ Downs Commander Edwards—Local Doubles Team Beaten

(Special to The Colonist)
DUNCAN, Aug. 21.—Today was a day of brilliant tennis and starting upsets in the Vancouver Island championship tournament in progress at the Duncan courts. The most surprising upset was in the semi-final round of the men's singles, in which Jack Brawn, fifth ranking player in Canada, in straight sets, Ryall led 3-0 in the first set, when Brawn uncorked a brand of tennis which bewildered his opponent and amazed the spectators. In the second set Ryall took a lead of 4-0, only to have Brawn recover by taking the set and match. Brawn will meet the champion, Prusoff, Seattle, in the final tomorrow, and it will be interesting to see if he can repeat the feat displayed today. If he does, Prusoff's crown will be in serious danger. In the other bracket of the men's singles, Prusoff disposed of Edwards in two sets. Prusoff had the edge all the way and the result was never in doubt.

In the women's singles, Vess O'Shea will meet Mrs. Haggart in the final round tomorrow. Miss O'Shea had a hard battle to win through from Mrs. Edwards, of Victoria, but Mrs. Haggart was given a great battle by Velda Rithel.

BRAWN DAZZLES BROWD
The finest tennis match of the season was the semi-final victory of Kirkbride and Brawn over Prusoff and Edwards. It was the best display ever seen on the local courts. The winners trailed 1-4 in the second set, and again Brawn dazzled the crowd by his brilliant display, and Kirkbride, too, put a great game, and his fine service was a big factor in the victory.

Gordon and McCallum lost a close decision in the other semi-final to Ryall and Williams. The Victoria pair led 4-2 and 40-love in the final set, but the Vancouver men resorted to a series of lobs which disconcerted their opponents, and took four straight games and the match.

The finals in women's doubles tomorrow will find Vess O'Shea and Mrs. Haggart pitted against Velda Rithel and Mrs. Haggart.

In the mixed, Reg Corfield and Mrs. Haggart meet Jack Brawn and Vess O'Shea. The latter pair will figure in three finals tomorrow.

The visiting players were the guests of the Duncan Lawn Tennis Club at a dance at the Rex Hotel tonight.

Results follow:
Men's Singles
Semi-Finals
H. Prusoff, Seattle, beat John Edwards, Victoria, 6-4, 6-3.
Jack Brawn, Vancouver, beat Ossie Ryall, Vancouver, 6-3, 7-5.
Women's Singles
Semi-Finals
Vess O'Shea, Vancouver, beat Mrs. Edwards, Victoria, 6-4, 7-5.

Tickets to Go On Sale Today For Big Bouts

PROMOTER Joe Bayley announced yesterday that tickets for the Garth Van Campen-Billy Campbell fight, to be staged at the Armories on September 2, would go on sale this morning at the two Jacks and The Bull. Joe North is handling the sale of tickets. A good preliminary card is being lined up and the fans are promised plenty of action. The full list of bouts will be released later.

EAGLES ARE VICTIMS OF SONS' NINE

Canadians Pound Feathered Tribe's Pitchers Hard for 14-6 Victory

CANN GOES ROUTE FOR WINNING TEAM

FOUNDING the offerings of McDonald and Groves, the Sons of Canada waited home to an easy victory last night at the Royal Athletic Park in the second round of the special challenge series for the Brundage Cup in the Senior Amateur Baseball League.

by a 14-6 score over the Eagles. The Canadians were in a bad mood as far as hitting was concerned and Groves McDonald from the hillcock in two frames with a flurry of safeties which netted them nine runs, enough to win a couple of games. The youthful Lloyd Cann traveled the distance for the Sons and was never in danger from the start. He held the feathered tribe to eight scattered hits, while his mates played airtight ball behind him at the critical moment.

Although the fixture was somewhat one-sided, several features marked the tussle. A circuit drive inside the enclosure by Pat Steele, first baseman, in the second inning, with Roy Haines on, was the first, while another by Worthington, peppy catcher for the same team, in the fourth, with Haines occupying second, was the next. Haines, left fielder, turned in a fine game, despite the fact that he made a costly error in the sixth.

Holman led the hitters with a perfect average, getting three safeties in a like number of trips, while Brousseau and Darcy headed the Eagles with the willow.

Mrs. Sayward Wins on And Mrs. Hyndman Win Oak Bay Par Rounds

Mrs. Sayward-Wilson added another prize to her lengthy list of golfing achievements yesterday, when she won the monthly competition at the Victoria Golf Club by finishing three down in class "A."

Mrs. Hyndman carried off the honors in class "B," being two down. A heavy breeze swept the course and results were higher than usual.

TACOMA, Aug. 21 (AP).—The Vancouver, B.C. Polo Club defeated the Vancouver Barracks four to six in the Fort Lewis tournament today. The British Columbia riders were allowed three goals on handicap and they added three more from the field in the first half. In the last three chukkers the Canadians played a strictly defensive game, limiting the officers to one goal.

MRS. WHITTINGSTALL BEATS MISS JACOBS IN FEATURE MATCH

Deadly Net Attack Puts Strong Californian Out of Championship Meet—Phyllis Mudford Disposes of Mrs. Harper as Betty Nuthall Downs Mrs. Shephard-Barron—Mrs. Moody Wins

International Final Assured; British Doubles Team Winner

FOREST HILLS, N.Y., Aug. 21 (AP).—The Union Jack waved triumphantly over the ramparts of Forest Hills tonight after an embattled day that saw three of the British Wightman Cup team sweep into the semi-finals of the forty-fourth annual women's tennis championships.

Along the huge American field that started the quest for the title on Monday, Mrs. Helen Wills Moody, of San Francisco, survived to continue the fight against the invaders.

Mrs. Eileen Bennett Whittingstall supplied most of the day's fireworks with stirring victory over Helen Jacobs, of Berkeley, figured at least to reach the semi-finals. The husky Coast star was erased by a deadly net attack, 3-6, 6-3, 8-6.

Founding Phyllis Mudford, another of England's representatives, attended to Mrs. Lawrence Harper, of Oakland, Cal., America's official No. 1 player, 4-6, 6-3, 8-6. After dropping the first set, in which Mrs. Harper won the first four games with her peculiar chop stroke, the chunky British girl came back to blast her left-handed rival hither and yon the rest of the way.

BETTY EASY WINNER
Betty Nuthall, England's third winner for the day, had easy sailing in eliminating her countrywoman, Mrs. D. C. Shephard-Barron, 6-1, 6-1. Blonde Betty, playing at the top of the form that sent her through to the championship a year ago, was the championship a year ago, from Mrs. Whittingstall tomorrow and enter the finals.

Mrs. Moody easily won from Dorothy Weiss, Cal., 6-1, 6-2. Other third-round doubles matches resulted as follows: Helen Jacobs, Berkeley, Cal., and Dorothy Round, England, defeated Mrs. L. A. Harper, Oakland, and the Baroness Levi, Italy, 3-6, 6-4, 6-2. Betty Nuthall and Mrs. Eileen Bennett Whittingstall defeated Penelope Anderson, Richmond, Va., and Virginia Rice, Boston, 6-4, 6-2.

Mrs. Riegel Wins Washington Golf In Easy Fashion

SPOKANE, Aug. 21 (AP).—Defeating Mrs. W. A. Kirkman, Seattle, 6 and 5, Mrs. Guy Riegel, Spokane, won the Washington women's golf championship here today.

Mrs. Riegel won the title in the first eighteen holes, going to lunch 8 up. In the afternoon, however, Mrs. Kirkman came out with a brand of golf that narrowed Mrs. Riegel's lead at times to the point of worry.

THREE CRICKET MATCHES BILLED

Trios of Championship Table Fixture Carded for Afternoon on Local Pitches

Three championship table cricket matches are scheduled on the local pitches this afternoon. Victoria and the Albions will meet at the Beacon Hill grounds at 2:15 o'clock. Five C's will clash with the Incogs at the University School grounds at the same hour, while Wanderers will face Cowichan at Work Point Barracks. The latter tussle will get under way at 2:15 o'clock.

Line-ups follow:
Victoria—G. Wilkinson, Peberdy, W. E. Wilkinson, Baderley, Coward, Allwood, Hood, Leven, G. R. M. Marshall, A. S. G. Musgrave and Meredith.
Five C's—F. Conley, E. H. Quinlan, C. E. Quinlan, B. Braden, A. Reed, A. Lea, Wilson, A. Attwell, Anderstrom, C. Pillar and P. C. Payne. Scorers, Jesse Longfield, W. Duncanson, A. E. Evans.

STEEL WINS FROM WOODS IN THIRD

SPOKANE, Aug. 21 (AP).—Fred die Steele, sensational Tacoma welterweight, battered Johnnie Woods, Los Angeles, to helplessness in the third round of their main event boxing bout last night, and was awarded the fight on a technical knockout, when the Southerner failed to answer the bell for the fourth.

SUE HOCKEY STAR

LONDON, Ont., Aug. 21.—Gordon Brydson, hockey star, who at one time played with Toronto Maple Leafs and who was bought outright at the beginning of last season by London for \$3,500, is being sued by the London Arena Company for unpaid damages for breach of contract. Brydson, it is alleged, refused to report to London, choosing to play instead for a Chicago out-law team.

Fred Perry and Hughes Eliminated in Doubles

British Net Stars Defeated by Doeg and Lott in Five-Set Semi-Final Match at Newport—Singles Final Billed Today

NEWPORT, R.I., Aug. 21 (AP).—Johnny Doeg and George Lott, national tennis champions for the past two years, gained the final round of Newport Casino team play today with a victory over Frederick J. Perry and G. Patrick Hughes, British Davis Cup team. The scores were 5-7, 6-4, 5-7, 6-4, 6-4.

Doeg and Lott today found the Britishers steady foes, capable of holding their own.

the other final bracket, by upsetting another pair of West Coasters, Jack Tidball and Lester Stoefton, 8-6, 6-4, 6-2.

Before engaging in the doubles finals, Vines will get in the initial single wind-up with Perry. Both qualified yesterday, Vines defeating Johnny Van Ryn and the Briton defeating Sidney Wood.

Doeg and Lott today found the Britishers steady foes, capable of holding their own.

The times for the finals follow:
11:30—Women's doubles.
12:30—Men's doubles.
2:00—Men's singles.
5:30—Mixed doubles.

VICTORIA OUT OF LACROSSE

Local Team Will Be Unable to Compete in Provincial Series

NEW WESTMINSTER, Aug. 21.—Squamish Indians, through Andy Paul, dropped a bomb into the ranks of senior lacrosse clubs here last night, when he filed an application at the meeting of the British Columbia Amateur Lacrosse Association for the Indians to mingle with the Salmonbellies in a two-game series for possession of the Klamar-nock Cup.

The application was accepted by a majority vote, and the teams will come together in Vancouver, next Tuesday night in the first game. The second contest will be staged at Queen's Park on Saturday afternoon, August 28. Total goals counted.

Mr. Paul stated his men were all prepared for the series.

Victoria intermediates were thrown out of the picture by proposed intermediate series against the Indians. Dates had been set for Victoria to play the Indians in Vancouver in the first of home-and-home games, but the Capitals asked for better terms. It developed that Victoria players had not been registered with the B.C.A.L.A., and this automatically barred them from participation in Mainland lacrosse.

Tentative dates were set for the Mann Cup games. Labor Day, September 7, Wednesday, September 9, and Saturday, September 12, were agreed upon.

LOCAL RIFLEMEN BACK FROM MEET

Victoria Marksmen Return From Bixley and Ottawa Meetings—Scores Good

Nine Victoria marksmen, members of the British Columbia Rifle Association squad, returned yesterday from the Dominion of Canada meeting at Ottawa. Those in the party included Major Fred Richardson, Sergeant-Major W. H. Ruffell, Sergeant J. H. Rogers, Captain Thomas, Captain G. G. Gadden, Captain Dave Pyrie, Captain W. E. Tapley, Sergeant-Major J. Read and Q.M.S. A. E. Evans.

The local riflemen were more than satisfied with their showing at the Dominion Capital. Light was the great drawback to most of the marksmen, the Victorians asserted. The visibility on the ranges was poor during all the big shoots and the scores recorded were far below the average, stated one of the Victorians.

Major Richardson and Sergeant-Major J. Read, who returned from Bixley, explained that the same conditions prevailed at the Old Country meet as at Ottawa.

Dorothy Tyrer Wins Honors at J.B.A.A. Club

Dorothy Tyrer captured the women's consolation singles title of the J.B.A.A. Tennis Club last evening, on the association's courts, by defeating Miss Cheer in a hard-fought three-set match. The final score was 6-2, 4-6, 9-7. On Sunday the finals of the men's and women's singles, mixed, men's and women's doubles are scheduled, and some interesting matches are predicted.

The times for the finals follow:
11:30—Women's doubles.
12:30—Men's doubles.
2:00—Men's singles.
5:30—Mixed doubles.

ELKS' NINE WILL START B.C. PLAY-OFFS TODAY

Antlered Tribe to Face Mainlanders At Athletic Park

Local Champions to Field Strong Nine Against Begbie, Carter & White Squad, of Vancouver, on Local Diamond This Afternoon at 3 o'clock

Noble and Bacon Local Battery

INE years ago the Elks, with a smart squad of ball players, breezed through the British Columbia baseball championship. This afternoon, at the Royal Athletic Park, at 3 o'clock, a team of ball players bearing the same colors, will start another campaign after a provincial title when they clash with the Begbie, Carter & White, Terminal League champs, of Vancouver, in the first round of the series. Both squads

are reinforced with the addition of four players from other teams, and a great battle is expected. Four members of the Sons of Canada have been added to the line-up of the Elks for the championship. Jack Bacon, catcher; Bill Holman, outfielder; Leo Holden, pitcher, and Johnny Craig, infielder, are the quartet selected by the antlered herd for the play-offs. All are experienced players and should be a great help for the important games ahead of them.

NOBLE TO PITCH
Jack Noble, well-known twirler, has been chosen for opening mound duties against the Mainlanders, while Bacon will perform behind the plate in the place of Tommy Bowden, who is rapidly recovering from an injury received on Wednesday evening while playing against the Canadians. Bowden is out of the hospital, but will not see action in the preliminary series, according to word received from the Elks' camp last night. Claude Belcher, elongated first baseman, will perform at the initial sack, while the veteran Art Minnis

PIPE TESTED by a FOREST RANGER

15c. and 30c. packages—also in 1/2-pound screw-top tins.

"Pitching camp one night after a hard trip, I found I had left my tobacco behind. A Forest Ranger offered me a pipeful of Turret pipe tobacco, and right away I noticed a difference. What a cool, satisfying smoke—I was impressed. Next day I bought a half-pound tin.

Turret pipe tobacco has become as necessary to my pipe as gas is to the family car. One pipeful is enough to make a friend of any smoker—you need only ask the woodsmen and the trappers. They know good tobacco and use lots of it—why shouldn't they when it's Turret pipe tobacco?"

ROSE CITY DIVING AGE VISITS CITY

Former Olympic and U.S. Champ on Holiday Renewing Acquaintances

Reviewing the scenes where he once performed before hundreds of admirers, and renewing old acquaintances, "Bumpy" Kuehn, Portland, former holder of the Olympic and United States springboard diving championships, arrived in the city yesterday on a holiday. Kuehn is accompanied by his wife and Mr. and Mrs. Maude Hadley, also of the Rose City. Hadley is another of Portland's top-notch athletes, shining in water polo, swimming and weight throwing. Both are expected to be part of the Oregon State Olympic team next year at Los Angeles.

Vancouver Assistant Captures P.N.W. Golf

SEATTLE, Aug. 21 (AP).—Ernie Tate, Vancouver, B.C., dropped a sixty-foot putt on the ninth hole of a play-off with two other golfers today to win the Pacific Northwest assistant professionals' championship. Tate was tied with two Seattle players, Bill Zongker and Bob Duncan, with 144 for the regular thirty-six-hole play. Tate's sensational putt gave him a birdie 2 to break a tie with Zongker at the last hole.

WINS HONORS

After capturing the American title in 1919, Kuehn continued his march toward more glory and won the Olympic springboard laurels at Antwerp the same season. For the past five years he has done little competing but will stage a comeback in the near future and hopes to gain a place on the United States squad for the next Olympic games in the South. "I will be there if only as a spectator," declared Kuehn. "Feet and not hands are the greatest asset to a champion swimmer. Most people think that the hands are responsible for a swimmer's success, but this idea is altogether wrong. Take Helene Madore, for example, and watch her closely and you will notice that she gets most of her power from her feet and legs." The Portlander said, "I will be along with Kuehn at the next Olympic games. If I am not there as a competitor then I will be one of the spectators." was the statement issued by Maude Hadley, robust, athletically-built teammate of the famous Portland diver. Hadley has gained fame along the Pacific Coast as a great water polo player, endurance swimmer and weight lifter. "Fine lads and two great fighters," this was the declaration of both the visitors concerning Able and Jumbo Davies, Victoria's two most promising fighters, and sons of Billy Davies, prominent citizen, and former holder of several boxing titles in his day. Last night Mr. and Mrs. Kuehn and Mr. and Mrs. Hadley visited the Crystal Garden with Billy Davies. While there, Kuehn delighted a large crowd with some of his fancy dives.

GYROS HAVE OUTING

VANCOUVER, Aug. 21 (CP).—A perfect day, the heat tempered by summer breezes, served to make the Gyro district convention outing to Seaside Park a great success today. St. Princess Joan left Vancouver at 9:30 a.m. with about 200 delegates aboard. During the afternoon a softball game was played between a team composed of Canadian Gyros and opposed by a United States team. The Canadian team won by a large margin. Tomorrow the convention winds up with election of officers and a short business session in the morning.

Churches and Their World-Wide Work

Old-Time Cricketer Plays Closing Game In Heart of Africa

C. T. Studd Had Striking Missionary Career for Forty-Five Years—One of Founders of Student Volunteer Movement

THE finest all-round cricketer of his day and a leader along with his two brothers in university athletics, C. T. Studd, died last month in Ibadan in the Belgian Congo, at the age of seventy, after forty-five years of the most intense kind of missionary service, wasted and worn, but refusing to let his characteristic thoroughgoing fashion to take a well-earned rest.

"You ask me to come home," he wrote not long ago. "There are several arguments against this, and I will give you the weakest first. I am living with one foot in the grave and the other out. The first cold night in the homeland would carry me off like a blade of grass. You would then go into mourning, much to your discomfort and mine. If I die here, I can be buried for half-a-crown, so there's an end to it."

"C. T." as he was widely called, came in the eighties along with his father and brothers, under the influence of the evangelist, D. L. Moody, and in 1885 led a band of university men, known as the "Cambridge Seven," into China to break new ground there as livingstone missionaries. He spent eight years in India, and the last few years in Africa, with advancing years he felt, as the British Weekly, as Livingstone did, and as Dr. Schweitzer has done in our own generation, the urgent claims of the unevangelized heathen of the African continent.

AMONG THE CANNIBALS

Along with his friend, Alfred B. Buxton, who afterwards became his son-in-law, he entered the cannibal regions of the Congo in 1913 and became the founder of the Heart of Africa Mission. His imagination traveled beyond Africa, and under the World-Wide Evangelization Crusade he sent out agents to South America, Arabia, the French Sudan and Abyssinia. He was a prophet of the fiery cross.

Like the Duke of Wellington, C. T. Studd lived a life of spartan simplicity. He accustomed himself to do with four hours of sleep, and the early dawn found him at his desk, busily engaged in writing the New Testament into the native language. His later career had many features in common with that of Dan Crawford, Darling, masterful, independent, full of consecrated ambition and self-forgetting zeal, they were content to live in the obscurity of the long grass, and to

Visits of Bishops Cement Unity of Church Here and in England

FIVE years ago, within a fortnight, the Bishop of London laid the foundation stone of the new Christ Church Cathedral in whose pulpit he preaches tomorrow. On September 9, 1926, the hands of eleven bishops were laid on the stone in the act of dedication, with the prayer that "Here let the true faith, the fear of God and brotherly love abide; and be this place dedicated unto prayer and unto invocation and praise of the most holy name of our Lord Jesus Christ."

The foundation stone, cut from a British Columbia quarry, is superimposed upon twelve stones, which had for fourteen centuries been associated with Christian worship in Canterbury. They were given as "a sign of unity in Christ between the church in England and the church in British Columbia."

The earlier and the present visit of the Bishop of London, as also the assistance of the Bishop of Winchester at the consecration two years ago, still further emphasizes the close bond between the church here and in the Old Land.

Missionaries to Indians

BEFORE going on canoe journeys from four to nine days back from Lake Winnipeg, these new Indian workers of the United Church of Canada, mostly from the Maritime Provinces, are taking courses in the Cree language and first-aid at Norway House, Manitoba. They are (left to right): Rev. R. L. Bacon, B.A., Nappan Station, N.S., appointed to Oxford House; Rev. K. J. Beaton, Associate Secretary of Home Missions; Mrs. Bacon, formerly Miss Dickinson, Cumberland Co., N.S.; Mrs. Chappell, formerly Miss Mosher, of Sussex, N.B.; Dr. D. W. Hanna, Toronto, appointed to Nelson House; and Rev. H. L. Chappell, Westmount North, N.S., appointed to Island Lake Mission.

TALKS ON DEFEAT OF DEPRESSION

City Temple Preacher Will Apply Principles of Psychology to Character and Conduct

"How to Defeat Repression and Depression With Expression and Progression" will be the evening subject at the Victoria City Temple tomorrow evening. The Temple services are being held at the Capitol Theatre. The individual psychology, which must be brought into action to deal with the chaos facing the world will be dealt with tomorrow evening from the City Temple pulpit. Coincident with the evening theme, the morning topic will be "When the Sleeping God Awakens."

Paul Michelin will render an organ recital from 6:30 to 7:30 o'clock. The pulpit messages from the City Temple tomorrow will be a prelude to a splendid lecture series to be delivered by Professor Harry Gaze, distinguished British psychologist, whose messages in this city and on the mainland to clubs, churches and fraternal societies, as well as to the business men, have been attracting wide attention. Professor Gaze will treat, among others, the following important subjects: "The Psychology of Success and Prosperity," "The Psychology of Public Speaking," "How to Overcome Timidity and Nervousness." The lectures will be held under City Temple auspices, beginning Monday evening.

There will be Holy Communion at St. John's Church at 8 o'clock. Morning Prayer at 11 and Evensong at 7:30.

The rector, Rev. Canon Chadwick, will preach at the 11 o'clock service on the subject "Israel, the Royal Road to Prosperity; the Bible Emphatically Declares 'Yes.'" The subject for tomorrow will be "The Sower and the Seed."

Rev. Alan Gardiner will be the preacher at the evening service.

Popular Winnipeg Church Speaker to Be Heard Tomorrow

The First Spiritualist Church will have another speaker from Winnipeg on Monday, when Mrs. Burley, president of the First Nationalist Church, will be present.

Mrs. Burley, who has a charming personality, is a powerful speaker, and her visit is being looked forward to by members of the church.

A public circle will be held on Monday evening at 7:30 o'clock at 925 Fort Street.

A PRIZE SAYING

"Men grumble because God put thorns on roses. Wouldn't it be better to thank God that He put roses on thorns?" The man who wrote that received \$500 for it. D. L. Moody offered the money as a prize for the best thought and the quotation won the prize.

ST. PAUL'S PRESBYTERIAN

In St. Paul's Presbyterian Church on Sunday, Rev. William Simons, of Edmonton, will be the speaker at the morning service. Mr. Simons was for a number of years superintendent of missions in the Prairie Provinces. Percy Willis, who is well known for his work among young people, will have charge of the evening service, which commences at 7:30 p.m. The Rev. G. F. Cox, minister, who has been holidaying during the month of August, is expected to occupy the pulpit on August 30.

"CHRIST AS MAN" IS UNITY TOPIC

At 11 o'clock on Sunday morning the Unity Centre will meet as usual, when Mrs. Gordon Grant will speak on "Divine Substance and How We Can Help in Bringing It Forth." The children will sing "God Will Take Care of You." Mrs. Smith will be the organist.

At 7:30 the subject of the talk will be "Christ as a Man." Miss Boush will have charge of the music.

FORMER MAINLAND MAN WILL PREACH

Rev. C. A. Williams, Now of Hamilton, Is Vacation Speaker at Metropolitan Church

Rev. C. A. Williams, of Hamilton, formerly of St. Andrew's-Wesley Church, of Vancouver, will be the special vacation preacher at Metropolitan Church on Sunday.

For his morning theme Mr. Williams has chosen "The Bubbles of Bethesda." For the evening service his topic is "The Palladium of Christianity."

Mr. Williams is one of Canada's outstanding pulpit orators and his messages are looked forward to with interest.

The choir will render at the morning service the anthem, "Lord, I Have Loved the Habitation of Thy House" (Torrance). Charles O'Neil will sing as a solo "I Sought the Lord" (Evenson).

For special music in the evening the choir will give Dudley Buck's anthem, "God That Made Earth and Heaven." "The Penitent," a solo composition by Van de Water, will be sung by Miss Grace Platt.

English Methodists Plan to Merge Into One Church in 1932

Twelve Years' Negotiations Have Resulted in Practically Unanimous Agreement to Form Body of 925,000 Communicants

ALMOST fifty years later than its Canadian daughter, Methodism in England will next year draw together its separated branches into one church. Such was the decision of the recent annual conference of the Wesleyan, Primitive and United Methodist Churches, the consummating act of union being set for September 20, 1932, in the Royal Albert Hall, London.

A like enthusiasm to what this occasion is certain to evoke was experienced in Toronto in 1884, now almost fifty years ago, when the four sections of Canadian Methodism that had been crossed each others' trails, and had been competitors and sometimes rivals in their common work, fell into step and began to co-operate in the unity of the Review of the Churches, and the aged churchman, Sir J. E. Perks, whose prayer that he might, "Simone-like, see a united Methodism, has been virtually answered, in that he seconded the resolution in the Wesleyan Conference which finally committed that body to the larger fellowship.

Among other Methodist leaders may be mentioned Rev. Dr. Maiby, preacher and scholar, Rev. J. E. Rattenbury, who was for a long time opposed to the union movement, and Rev. Dr. Dinwale Young, the commanding head of Central Hall, London. Two prominent laymen are Sir Henry Lunn, until recently editor of The Review of the Churches, and Mrs. Merritt in all of the meetings, which will commence at the usual hours.

On Monday night, at 8 o'clock, the Chimes and Sunbeams, which are the primary branch of the Salvation Army life-saving organization, will give a programme in the Citadel.

A floating state fair is planned by the Philippine Chamber of Commerce to girdle the globe and exploit the products of the islands. To subsidize a Filipino-owned and managed steamer and pay the costs of the enterprise, a Government appropriation of \$250,000 is needed. Space on the ship will be reserved for 3,000 to 4,000 tons of cargo that can be sold at the ports touched. Insular and Provincial Governments, as well as private firms, will provide exhibits.

Many Lay Preachers

British Methodism derives much of its strength from its system of utilizing laymen for preaching services, in this way extending its worship centres over larger areas than would be possible by reliance upon the ordained ministry alone. Will be the Methodist Church in Canada this institution had almost entirely lapsed by the year 1925, when it merged into the United Church of Canada. The presence of a score of lay preachers in the British House of Commons suggests the status and numbers of this class of church workers in the Old Land. Of this group of preaching parliamentarians, Rt. Hon. Arthur Henderson is the most distinguished.

"HAPPY AS A HOG ON ICE"

Most of us have heard the expression "Independent as a pig on ice," and even though we may never have actually seen a pig on ice we are able to comprehend the significance of the simile.

But to really understand the expression, "Happy as a hog on ice," it would be necessary to actually see one so displayed on ice in the customary way in a butcher shop.

Instead of bringing gifts, the guests at a party given by Madame Dalmasso, a popular French actress, departed with her belongings. Madame Dalmasso, known on the stage as La Palma, invited the members of her theatrical company to join in a fete at her villa at Marseilles. After the party she found that one so displayed on ice in the customary way in a butcher shop.

CONSERVATIVES ELECT OFFICERS

N. A. Morrison Chosen President of
Newcastle Association—Road
Work Plans Discussed

LADYSMITH, Aug. 21.—The annual general meeting of the Newcastle Conservative Association was held in St. John's Hall last night. Nearly fifty attended to participate in the election of officers for the ensuing year. There were two nominations for the office of president and secretary, necessitating a ballot for each position.

N. A. Morrison was elected president and R. C. Wright will continue as secretary. Vice-presidents elected were: First, D. McMillan; second, W. Holliston; third, J. Taylor. D. Nicholson will continue as treasurer.

Members of the Ladysmith local executive are: F. H. Thicke, D. Davidson, I. E. Lowe, E. Jamieson, A. D. Robertson, A. P. Glen, A. G. Vercher, H. Smith, L. A. Kerley, S. Reedding, J. S. Rodger, E. G. Peers and A. Jones.

A communication from the local Board of Trade, asking for endorsement of the project for the new road from Ladysmith to Cowichan Lake, was discussed.

C. F. Davis, M.P.P., who was present at the meeting, made strong objections to endorsing the resolution as submitted. A. G. Vercher moved the communication be laid on the table until more information had been procured as to the allocation of money to the district under the new relief scheme. A motion by R. S. Wood that the Board of Trade proposal be endorsed failed to find a seconder, and the motion to lay the communication on the table was carried.

Some of the delegates from the district locals objected to approving construction of a marine drive opposite the city, or of the greater project for a road to Cowichan Lake, on the grounds that the outside locals had schemes for road work in their own districts and the consideration of one scheme at the meeting should mean the consideration of all.

VOLCANO NOW MORE VIOLENT THAN USUAL

TOKIO, Aug. 21.—The volcano Asama, near Karuizawa, began erupting with more than usual violence early today.

The eruption was followed by a fall of ashes and some rock, which broke telephone wires and was reported damaging crops for miles around.

One mountain climber from Tokyo, who was near the summit when the eruption started, was severely injured by falling rock.

Asama is a frequent performer.

REVALUATION OF THE HAND IN SUPPORT OF A TAKEOUT

Many players seem to find the question of revaluing their hands when the best course is to support a Takeout bid by partner, beset with difficulties. This question arises whenever a player at the Contract table has made an opening bid and partner has responded with a bid in another suit or no trump. Fundamentally the matter presents no real difficulties. In measuring the supporting value of the opponent's hand for partner's uncounted no trump Takeout, the first question to determine is whether the hand contains a Rebid in the suit originally named or has another alternative suit to offer as a possible trump. If it is decided that the hand will play better at no trump than a suit, then the Rule of Eight works with extreme accuracy in determining what should be bid. This rule can be stated as follows:

The total of defensive honor tricks in the pack will average to produce at any bid about eight out of the thirteen tricks. Four tricks will be won with Aces and the remaining four with lower honors as values in the Standard Table on the defensive basis. The Rule of Eight will not work with any other count of honors because it is based on the fact that the average hand, which contains one-fourth of the total share of honors, and which includes two honor tricks plus, in rare cases honors will take nine tricks and, strictly speaking, the count of defensive honor tricks for the four hands is not eight but between eight and eight and one-half. Furthermore, in applying the Rule of Eight to trump bids one must remember that any honor is apt to be ruffed and therefore, while the maximum count of 8½ is constant, the minimum may go below eight tricks.

The fact that the total bidding value of all defensive honors around the table at any bid, and regardless of how they combine is between 8½, honor-tricks is of decisive value in applying the process of elimination during the bidding. Through the simple use of the elimination process a player is aware at most stages of the minimum honor strength (and consequent game or penalty expectations) held in partnership and opponents' hands.

THE 4-5-5½ COUNT

Combined hands holding 4-4 honor tricks will average to develop three low card tricks in addition. The hands should make seven tricks or one no trump.

Combined hands containing 5½ honor tricks will average to develop in addition three or four low card tricks. The hands should make three no trumps.

This simple 4-5-5½ rule serves as a basis for no trump Takeouts and Raises.

In revaluing hands in support of a suit Takeout, either Forcing or Nonforcing, the Opening Hand then becomes the Responding Hand. He should assume a bare minimum Takeout, but a hand that offers some possibilities on the attack. His hand in support contains some elements of strength which it would not contain if he were the Declarer. Thus he counts:

1. Trump length and honors.
2. Low cards and honor tricks in side suits.
3. Ruffing tricks due to short suits (voids, singletons and doubletons)—the added value.

He now deducts the values of the Opening bid previously shown by him—the balance, if any, will show his residual values.

Take a concrete example from a recent match:

Opening Hand Responding Hand
 ♠ A K J 6 ♠ Q 10 3
 ♥ Q 7 3 2 ♥ A K J 4
 ♦ 8 ♦ Q
 ♣ A Q 9 3 ♣ K J 8 7 5

The Opening Hand bids one spade. The Responding Hand makes a Forcing Takeout of three clubs. Now the Opening Hand revalues his cards as club support. He counts his trump length at ½ trick and adds 1½ for the Ace-Queen. He adds two tricks for his Ace-King of spades, and ½ trick for the spade length. His singleton Diamond he values at two tricks because of the four trumps, and ½ trick value is accorded the heart length. Thus the total value of the opening hand in support of the forcing takeout sums up thus:

Trump length and honors 2
 Spade honors plus length 2½
 Diamond singleton 2
 Heart length 2½

7 tricks
 The opening hand, strictly speaking, has therefore three raises over and above the values already shown by the opening bid. But it is always best to give a leeway to partner in case one trick fails to materialize. Hence, the opening hand bids five clubs although he has a close six bid. The partner, with solidity of the trump suit assured, and holding slight additional values in the spade Queen, which probably solidifies that suit, now bids six clubs, which was easily made.

Another example, this time of a minor suit takeout converted into a slam declaration, although the takeout did not disclose forcing strength:

Opening Hand Responding Hand
 ♠ A Q 10 9 ♠ K 6 3
 ♥ 4 3 2 ♥ K 10 6
 ♦ A K Q ♦ 5
 ♣ A J 8 2 ♣ K 10 9 7 5 4

The opening bid was one spade. To this the response was two clubs, a minimum takeout, as the hand counts only 1½ honor tricks.

Trump length and Ace... 1½
 Spade honors and length 2
 Diamond honors (attack value) 3
 Heart doubleton ½

7 tricks
 This is a total of seven supporting tricks. It is even a little more, as the opening hand knows first that the club suit is of at least five cards in length (the takeout requires this for a bid of two), but he also knows that part of the required ½ honor tricks must be in the heart suit, or lacking a high heart honor, then there must be the spade King and the club King-Queen. The opening hand is thus justified in raising the bid to five, which he does, and the original responding hand now bids six, as the distribution and additional trump length justify.

The principle of revaluation

really thus presents no difficulties. Granted first the essential element of trump support, the opening hand counts his tricks as he did originally, but adding to the honor and length values which his holding justifies. Trump support, of course, is the first essential. This requires a minimum of Queen, three, two or four small trumps in support of either a forcing or nonforcing takeout. Given this requirement, the revaluation of the hand in support of any takeout is easily made once the principle is grasped. All one really needs is to know what partner already knows or assumes and then to proceed to tell him news. And, of course, a story once told is never news.

TODAY'S POINTER
Takeout Doubles Defined
 A double for a takeout is: Any double of not more than one no trump nor of more than two in a suit, providing partner has not bid to illustrate:

1 ♠ N
 Pass W E Double
 1 ♥ N
 Pass W E Double
 1 ♦ N
 Pass W E Double
 1 ♣ N
 Pass W E Double

But the following bidding situations mean a preference for penalties:

Double!
 1 ♠ N
 Pass W E Double!
 1 ♥ N
 Pass W E Double!
 1 ♦ N
 Pass W E Double!
 1 ♣ N
 Pass W E Double!

This definition of takeout doubles applies equally to cases where the bidding has been opened by the doubler himself, but his initial bid is overcalled by one of his opponents. In this case, however, there is one exception and that is where the doubler's opening bid is one no trump. In this case his double of a subsequent adverse bid is made to collect penalties, in spite of the fact that partner has not bid and the double is of a suit bid of not more than two.

NATIVE SONS TO RENOVATE HALL

Ladysmith Post Acquires Canadian
Collieries Building for Club
Premises

LADYSMITH, Aug. 21.—The Ladysmith Post of the Native Sons of British Columbia has acquired the Canadian Collieries Hall on First Avenue. This edifice, first erected a quarter of a century ago, has played an important part in the history of the city.

At various times, the hall has been the centre of the city's recreational activities, until recently the erection of larger buildings caused it to fall into disuse.

Members of the Post are hard at work on a programme of extensive alterations to the building. It will be raised several feet and moved back from the sidewalk line. The interior and roof will be entirely renovated, and additions to provide space for a library, a smoking lounge and a bowling alley will be constructed.

According to officials of the Post, the completed structure will prove to be the finest quarters of the organization in the province, and a great credit to the city's principal street.

ADVANTAGE OF INJECTION
 Perhaps nothing has interested readers of health news as much as the injection method of treating varicose veins. It would seem that the number of sufferers with varicose veins runs up into the hundreds of thousands, if not more. In fact a couple of years ago, reports of 50,000 cases treated by the injection method were recorded, and that is but a small fraction of the cases that existed.

And remember that piles (hemorrhoids) are simply varicose veins and that they are now likewise being treated by this injection method with great success.

When I think of the number of cases we sent into hospital to have varicose veins removed by surgery, during the war, think of the time in hospital and the months of care afterward before these men were allowed to do even light duty, it is certainly disconcerting.

As a result of the number of men suffering with piles who were likewise sent into hospital to have these removed by surgery, I am still further convinced that the injection method is a most efficient and safe method of treating varicose veins or piles, was sufficient cause for rejection, but they willingly underwent the operation in order to go.

And now whether the individual has varicose veins in his leg or has piles he does not have to lose one minute from his work. He simply goes to the physician's office once, twice, perhaps three times within the space of two or three weeks. The process takes but a few minutes each time. The patient walks into the office and walks out again, as the treatment doesn't interfere with his work, sleep, or food.

Someone has asked if these varicose veins or piles ever come back again or give trouble after the injection method. As a matter of fact in some cases the varicose veins, or piles, do come back again and there are times when the results of the injection treatment are not as satisfactory as they should be, but the return of varicose veins and piles, and poor results, occur where surgery is used.

Dr. H. O. McPheters, Minneapolis, says, "The injection treatment of varicose veins must be accepted as a method of treatment that is here to stay and as a great step forward from the disfiguring and at times mutilating methods of the past."

In the belief that people in the North and Midlands of England will soon fly their own airplanes to south coast resorts for week-end pleasure trips, Brighton, Hove and Worthing, England, are planning a large municipal airport at Shoreham. The aerodrome will cost \$250,000 and cover 200 acres.

Seattle reported the greatest number, fourteen, with Tacoma and Castle Rock, four each. The Everett and Yakima vicinities listed three each and Vancouver, two. Sixteen other towns reported at least one automobile death.

The population of Italy has increased from 38,618,000 to 42,118,000 since 1921, or 8.8 per cent.

**Two Score Drown
In Manila Floods**

By WALTER ROSS
 (Copyright, 1931, by The Chicago Daily News Foreign Service)

MANILA, Aug. 21.—Twelve days of unrelenting typhoon rains, with bruising squalls, have been keeping Manila and the whole Bay region flooded.

It is estimated that forty persons have drowned, with damages totaling thousands of dollars worth to crops, livestock, roads, bridges and coastal shipping.

Dysentery is breaking out and infant mortality is great.

**Seattle Has Many
Traffic Accidents**

Seattle, Aug. 21 (AP).—Forty-eight traffic fatalities were reported in Washington State during the month of July by the Department of Health in statistics released here today.

Seattle reported the greatest number, fourteen, with Tacoma and Castle Rock, four each. The Everett and Yakima vicinities listed three each and Vancouver, two. Sixteen other towns reported at least one automobile death.

The population of Italy has increased from 38,618,000 to 42,118,000 since 1921, or 8.8 per cent.
